Hello, Good Morning!

I clean for a few Air BnBs in town and there great for our town. It brings money to the town and they are a great turn around.

I don't think it should matter about your neighbors. It's not as if they cause a ton of extra traffic in town. It's good for our small businesses. To be able to come to a cute town like ours and have a family vacation/ getaway together is so Amazing!

Thank you!
