Attached please find a copy of approved Alteration of Terrain permit AoT-2988. **Please note Project Specific Conditions #3-6.**

### Construction Start

In accordance with General Condition #3, a Start of Construction Form shall be submitted at least 7 days prior to the start of construction activities.

### Post-Construction Inspection and Maintenance (I&M) Responsibilities

In accordance with General Condition #4, please be sure that you transmit a copy of the I&M Manual to your client. We also ask that you apprise them of their responsibilities for I&M.

### Construction Certification

Please also call your client's attention to General Condition #6, requiring that a qualified engineer and the permittee issue certifications at the end of construction stating that the project was constructed in accordance with the approved plans and specifications.
