

# 2001 ANNUAL REPORT

## WARNER, NEW HAMPSHIRE

*Waterloo Bridge, Warner, New Hampshire*

*by Charles E. Brown*

## *Maple Sugar House*

*by Charles E. Brown*

### *Above*

This is another painting by our local artist, Charles Brown. The scene depicts one of our New England traditions, the tapping of maple trees with the sap house in the background.

### *About our Cover...*

This year's cover portrays a winter scene of the Waterloo Covered Bridge, painted by local artist, Charles Brown ("Charlie Brown"). The painting is dated 1983 and is on display at our highway facility.

Our website is: <http://www.warner.nh.us>

*Richard (Dick) M. Cutting*

*Webmaster of the Warner, NH website*

Number of Registered Voters.....1,573

**Please bring this report with you to the Town Meeting  
on Wednesday March 13, 2002 at 7:00 P.M.**

*Roxanna Lois Smith and Robert Dean*

## *Dedication*

The Selectmen of the Town of Warner are pleased and honored to dedicate the 2001 Town Report to *Robert Dean* and *Roxana Lois Smith*, whom exemplifies the true meaning of community service and volunteerism.

Roxana was born in New London, NH and spent most of her childhood in Newbury, NH. She attended Simonds Free High School in Warner where she rode a train to and from school every day. She was very active in the project of mapping the town cemeteries as well as the Oral History of Warner. Roxana served on various committees and in various positions of the Warner Woman's Club, actively involved in the Daughter's of the American Revolution (DAR) by serving on many committees and has held various positions within the DAR. Her commitment to the community continues with active participation in the United Church of Warner. The past several years she has been the Director of the Sunday school Program. In 1983 Roxana received the Warner Men's Club community Service Award.

Dean was born in Concord NH and grew up in Warner where he went to Simonds Free High School where he met Roxana. After graduation from Simonds, he joined the U.S. Army and served during the Korean conflict. He was stationed in Austria where he attained the rank of Sargent. Upon returning home he and Roxana Married. Dean worked a variety on maintenance jobs and ultimately retired from Merrimack County Telephone Company as head of their maintenance department in 1995. Upon his retirement he became involved in the flags along Main Street, getting the fountain restored, flowers around the Monument and fountain and the maintenance and upkeep of the kitchen in the Town Hall. One of Dean's other projects is maintaining the grassy areas around the beautiful Town signs so visible as you enter Town from either direction on Rout 103. He is a proud member of the Wilkens, Clouse, Bigalow Post 39 American Legion. In 1998 he was honored with the Warner Men's Club Community award. Dean is always ready to help a friend or neighbor with just about any project or challenge.

## *Selectmen's Report*

The year 2001 brought about many challenges and highlights for the Board of Selectmen. The Town saw an unusually high increase in new residences although commercial development was fairly stagnant. We welcomed to the Board a new Selectman, Ed Mical, who has been a good compliment to the existing Board members. The start of the Exit 9 subdivision has been ongoing throughout the year and has been under close supervision by the Board of Selectman and our Planning Board, as well as the services of Provan and Lorber, Engineers hired by the Town. We have made many gains in the efficiency of our transfer station as well as the overall effectiveness of all Town departments. The Board continues into the year 2002 with a comprehensive review of all management practices in our Town Government. With an ever-changing climate it is important for the Town to stay on top of its procedures and policies. We have resolved many internal issues as well as our stance among other communities. The Board has set precedents through various Committees and Boards in matters of development for other communities to use as a guide. We have upheld past policies and procedures that the Town has constructed over past years and have stayed steadfast in their execution thereof. One of the greatest threats to the Town is the imminent, rapid development and growth of population and commercial development. Numerous inquiries have come in over the past year in regards to building on Class VI Roads. Approval of two such requests have been granted per Town Policy (at the expense of the landowners). These segments of road have been small in development. As the Town has requested in the past the Board has maintained a high level of standard in regard to the tasteful development of our Town. The influx of requests from communication tower companies has been somewhat overwhelming. The Town has maintained its position in requiring these vendors to strictly adhere to the guidelines of our Zoning Ordinance. To date no towers have been erected in the Town of Warner.

The Board established three committees in the 2001: the Wage Study Committee, the Recycling Committee, and the Martin Building Committee. The Wage Study Committee has been very successful in creating amended job descriptions as well as establishing a new labor scale for the Board and future Board to use in its compensation process. The Recycling Committee has been doing random surveys at the Transfer Station and is reporting directly back to the Board on problems and solutions that need attention. The Martin Building Committee has released a Town wide survey for townsfolk to give their input in determining what we actually might do with this historic building. The Martin Building

stands idle waiting for the survey process to be completed. The Town must decide the future of the historic building. Many repairs and municipal updates will need to be made. A great deal of thanks goes out to the volunteers of those Committees for their tireless effort to achieve maximum efficiency in procedures and policy, as well as establishing important guidelines and information for the Board to use in implementation and judgment on various issues. The Board would like to express to everyone involved and living in our community that it is very important that the public become more involved in town matters. It has been quite disturbing to see the lack of turnout throughout the different boards on issues that affect each and every one of us. Your input is always welcomed.

The Board has been diligent throughout the later part of the year through an extensive interview process on candidates for the Town Wide Revaluation process. Out of six respondents to bids the Board was able to narrow the field to town proposals. After thoroughly reviewing the proposals and interviewing the candidates the Board settled and accepted to proposal put forth by Earls, Nieder & Perkins Company. The revaluation process will start in April of 2002. This revaluation process has been mandated by the State.

Mid year the Board of Selectmen met with the Merrimack County Director of Community Action and entered into discussions about the Senior Center program. Discussion centered around getting the biggest return on money spent on the program. Scheduled activities and facilities dominated most of the discussion. Warner has had a long history of community participation in this facility, with many relationships and special long standing traditions and activities being formed as a result there of. The Board of Selectmen continue to meet with the program directors to solve the issues and work at getting our senior center back in full operation.

The Board of Selectmen has also supported the Conservation Commission in its endeavors to secure conservation easements throughout the Town, but especially in the Mink Hills area. Our Conservation Commission in a joint effort with the Town of Hopkinton was able to secure a sizable portion of land around the Bear Pond Watershed area. A great deal of thanks goes out to all Town employees and volunteers for all their hard work and efforts as the Town of Warner moves into the new millennium.

*Respectfully submitted,*

*John C. Brayshaw  
Chairman*

# Notes

## *Auditors Statement*

We have audited the accompanying general purpose financial statements of the Town of Warner, New Hampshire as of and for the years ended December 31, 2001 and 2000, as listed in the table of contents. These general-purpose financial statements are the responsibility of the Town of Warner's management. Our responsibility is to express an opinion on these general-purpose financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general-purpose financial statements are free of material misstatements. An audit includes examining on a test basis, evidence supporting the amounts and disclosures in the general-purpose financial statement presentation. We believe that our audit provides a reasonable basis for that opinion.

These general-purpose financial statements referred to above include General Fixed Assets stated on a basis other than historical cost. The Town of Warner has tracked its General Fixed Assets on appraised values as provided by town management, a departure from GAAP.

In our opinion, except for the effects on the financial statements of the non-GAAP method utilized to the town's General Fixed Assets as described in the preceding paragraph, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Town of Warner as of December 31, 2001 and 2000, and the results of its operations and cash flow of its proprietary fund type (non-expendable trust funds) for the year ended in conformity with accounting principles generally accepted in the United States of America.

*Respectfully submitted,*

*David L. Connors & Co., P.C.*

**Both the December 31, 2001 and 2000, Town of Warner, NH audited financial statements are available for inspection at the Board of Selectmen's Office in the Warner Town Hall.**

## *Town Clerk Report*

The beginning of each new year, is a time to reflect on the year past and think ahead on the year to come. Certainly this past year has given all of us time to reflect on our daily lives, strengths, faith and our pride in being American. For the year ahead - continue to support our families...our neighbors...our Town....

Shortly after the 2001 Town Meeting, the Town Clerk's Office moved across the hall into the office formerly occupied by the Police Department. Although it took some time to move years of files and records that had been creatively stored in our ever-shrinking office, it was the safe that received the most attention – to move or not to move!! After much discussion and debate, a professional safe moving company “rolled” the safe to its new home by the window in our new office. Experts make things look so easy!

Thank you to everyone who helped move and set up the office. Thank you also to Wendy Pinkham for choosing the covered bridge wallpaper border.

Jeanne Hallenborg still works part-time in the office and fills her spare time with numerous projects at home. Her energy level always amazes me! Mary Whalen, Secretary to the Board of Selectmen, has been in the office training. She is doing very well and her assistance is appreciated.

Thanks to budget approval by the Townspeople and Fall Foliage Festival funds, *Brown's River Bindery* has preserved Volume I and II, Town of Warner Records, 1737 – 1779 and 1770 - 1816. They have done a wonderful job restoring and preserving Warner's history.

The Driver Privacy Act, RSA 260:14, protects your registration information from being available to the public. This is why it is required to bring the current registration or a copy with you when renewing or transferring plates.

**Boat Renewals** - pay the Town renewal fee here before going to the State. This keeps the money in our Town.

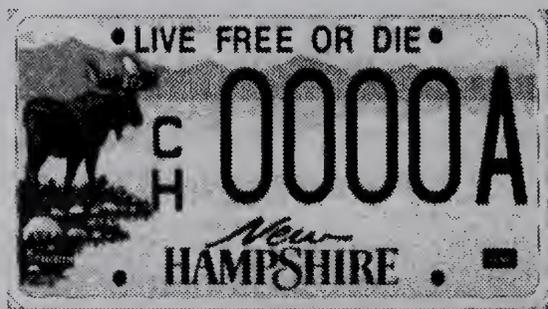

There are three elections in 2002. All elections are held in the Town Hall, Main Street. Polls are open from 8:00 AM to 7:00 PM. The Town Election is Tuesday, March 12 followed by Town Meeting, Wednesday, March 13, 7:00 PM. The State Primary is Tuesday, September 12 and the General Election is Tuesday, November 5.

Registering to vote may be completed in the Town Clerk's Office or at the polls on Election Day. Bring with you proof of residency and a photo ID.

Contact the office if you will be out of town for an election and would like an absentee ballot. If you are able to volunteer during the day of an election or after 7:00 PM to count ballots, please call the office.

A new Veteran plate is available through the State with a DD214 form and a one-time fee of \$30. Vanity plates are an additional \$25 per year. These and the new style disabled Veteran plate are available in Concord after completing the Town portion of your registration in our office first.

The conservation "Moose" plates were well received by many New Hampshire drivers. The money raised benefits New Hampshire's conservation, wildlife and historic preservation programs. You may purchase a plate in Concord after completing the Town portion of a renewal or a new registration in our office first. Gift certificates are also available.

Unfortunately, the blue *Verification of Vehicle Identification Number* form was not well received. The form is necessary to register a non-titled vehicle if you do not have the previous owner's New Hampshire registration or the out of state title. RSA 261:2-a. Model year vehicles 1989 thru 2002 need a title.

There has been a substantial increase in the number of dogs in Town but dog owners have been *outstanding* when it comes to dog licensing! For the safety of your dog – and the community – the State laws require your pet to be vaccinated against rabies and your Town to record the information. To assure that this is done all dogs 3 months and older must be licensed *before April 30* of each year. (RSA 466). Failure to comply may result in a penalty or fine. RSA governs procedures for Veterinarians and Town officials to follow.

License fees are: \$4.50 – puppy, \$6.50 - spayed/neutered, \$9.00 - non-altered, \$2.00 – first license if the owner is 65 or older and \$20.00 – Kennel of 5 or more dogs.

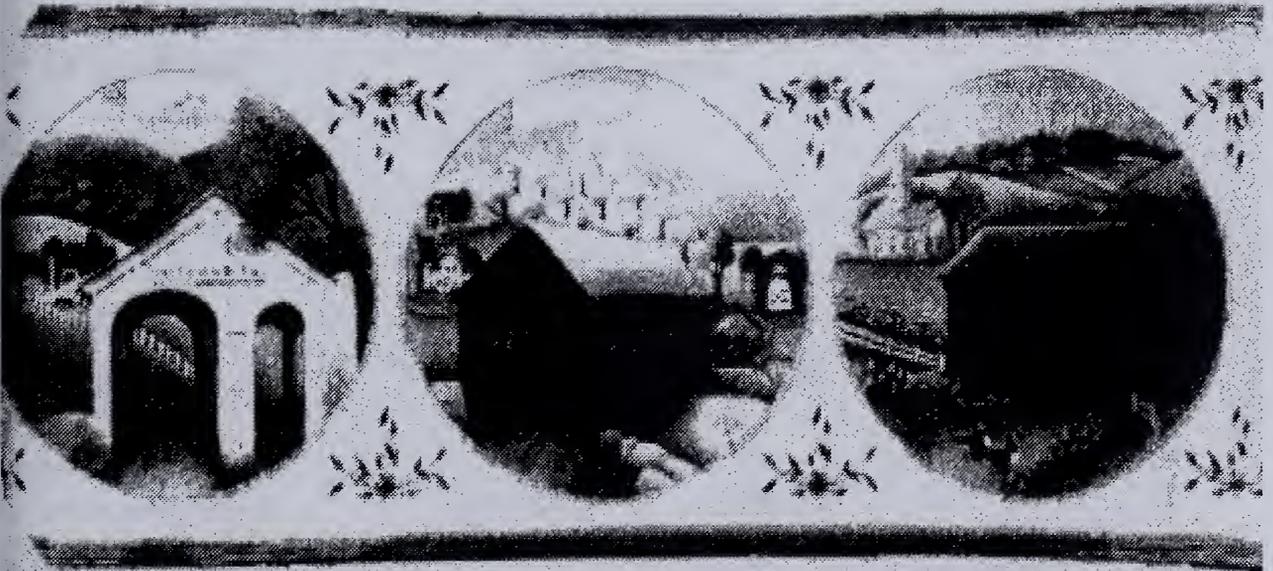

If it is easier to license through the mail, send the record of the up-to-date rabies certificate (and a spayed/neutered certificate), payment, and a self addressed stamped return envelope to the office -PO Box 265.

A change over to *Red* Transfer Station Decals began February 1, 2002. Green decals are still acceptable until January 31, 2003. Red decals will be issued at renewal time or when registering a new vehicle. Seasonal residents and renters will receive a Blue pass to display. Don't forget – in Warner you must recycle. It's good for the environment and helps keep costs at the Transfer Station down.

It has been a busy year settling into our new office. Thank you for your patience and kindness. We look forward to seeing you ...

*Respectfully submitted,*

Judith A. Rogers  
*Town Clerk*

**REPORT OF THE WARNER**  
**TOWN CLERK**

## *Warner Historical Society*

This past year has been a very positive and enriching one for the *Warner Historical Society*. Our membership has remained steady, historical and genealogical research has increased, both from visitors as well as queries through e-mail, financial donations have increased, item donations to the Barn Sale have been incredible, historical donations to the Society's collection have been steady, and attendance to Society programs have increased. And what can we say about the Barn Sale! It has had phenomenal success this year, thanks to the ever-dedicated Evie Joss and her band of workers!

So why have we achieved such success? It's because of all the individuals in town who have contributed their time, their money, their donations, their work, and their buying power at the Barn Sale, all for the cause of preserving the history of Warner. The *Historical Society* is very pleased that our institution continues to carry such support from the folks of Warner, that the purpose of collecting and preserving our town's history in any manner of format, is still very important to the people of Warner.

So much of our work this past year has centered around Society Committees and their ever-dedicated volunteers. The Collections Committee continues to catalog, preserve, and exhibit Warner's historical collection, and provides answers to research questions. The Stone Structures Committee is actively documenting, measuring and photographing old and "lost" areas of Warner, their cellar holes, dams, bridges, etc. The Program Committee, under the guidance, imagination and research of Rebecca Courser, continues to provide educational, enriching, informative and entertaining programs, either about or related to Warner's history. The Lower Warner Meeting House Committee works on the preservation of the old meeting house and provides annual programs at the beautiful old section of Warner. The Main House Committee continues its labor of maintaining the house and flower gardens in the heart of Warner. The Barn Sale Committee, with Evie Joss as their fearless leader, labors for days and nights, from early spring through fall, to provide the major part of funding for our annual operating expenses. The Upton / Chandler House Committee continue to work on the early stages of rehabilitating that house for our eventual display of the Society's Collection. The Newsletter Committee continues to inform and educate the membership about Society work and our town's history.

Without such committees and the volunteers who put in endless hours of work, aside from regular jobs, family responsibilities, and day-today life...without such dedicated people, the present success of the *Warner Historical Society* would never be achieved. And to them, past, present and future generations are eternally grateful. So onward to another year of “day shift, night shifts and Saturday shifts”!

*Respectfully submitted,*

*Mary Cogswell  
President*

# *Parks and Recreation*

This has been a rather slow year for *Warner Parks and Recreation* although the youth sports have not slowed down at all, if anything it's grown. We were able to do some repairs to fencing. We added some fencing to keep vehicles off the playing fields and replaced the T-Ball backstop. I want to give a special thanks to all the people who donated money time and materials for the replacement of the playing surface of the little league baseball field and to all the people who make it possible.

*Respectfully submitted,*

*Wayne E. Eigabroadt,  
Chairman*

# *Community Action Program* *Belknap-Merrimack Counties Inc.*

Over the past twenty-five years, the Kearsarge Valley Community Action Program has been the focal point of social service delivery in this area, providing help when needed to the income eligible and elderly, as well as to the community at large.

As perhaps you are aware, Community Action Program Belknap-Merrimack Counties, Inc. generates funds through the mobilization of available federal, state and local monies. Support for the local Area Center is derived from a combination of federal appropriations and local tax dollars. This combination allows the Kearsarge Valley Community Action Program to provide a variety of services to the residents of your community, from the development of programs, which meet local needs, to outreach referral and direct assistance.

In 2001 we served 1,606 Congregate Meals to 59 people and provided Fuel Assistance to 190 people; 62 households received up to three days of food from the Emergency Food Pantries, 15 people received 2,058 Meals-On-Wheels; CAP Transportation provided 2,012 rides to 19 people, USDA Commodity Foods totaling \$3,301.59 which consists of canned goods that were given out through the Food Pantry, 6 Children received services from Head Start and the Senior Companion Program provided 99 hours of visitation to homebound elderly people. Two income eligible senior citizens were employed through the Senior Companion Program and 24 people received 293 packages of food through the Commodity Supplemental Food Program. Four Grants totaling \$750.00 assisted households under the Neighbor Helping Neighbor Fund and WIC ( Women, Infants and Children) issued 471 vouchers to 39 people. The services provided to the Town of Warner in 2001 totaled \$165,661.94. The total dollar amount needed from the local towns to maintain and operate the Area Center is \$45,549.00.

The staff of the Kearsarge Valley Area Center wishes to thank you and the Town of Warner for your support in the past. With your continued interest, we will be able to continue to provide needed services to the members of your community.

*Respectfully submitted,*

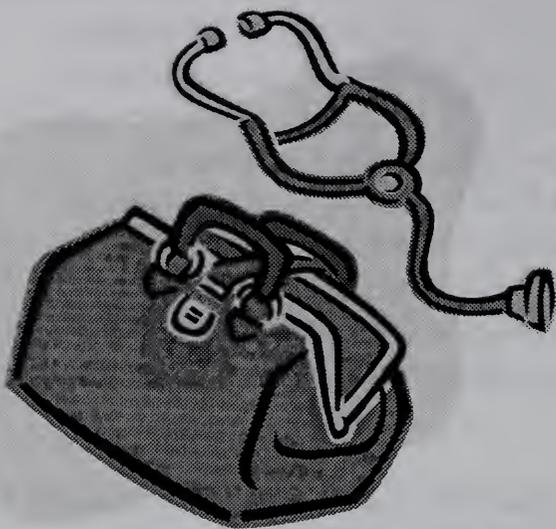

*Barbara A. Chellis, Area Director*  
*Kearsarge Valley Area Center*

Health Officer*

## *Police Department Report*

This year we have seen a rise in criminal activity. Our misdemeanor and felony activity has risen along with domestic issues. On a brighter note the motor vehicle violations have seen a drop and I believe that this is a direct reflection to our pro-active approach to vehicular enforcement.

I would like to thank all of our supporters throughout the year who gave their time and interest to programs, such as the bicycle rodeo, KID CARE ID packages, and police facility tours. Your efforts are greatly appreciated by this department and the people of our community. The Warner Police are dedicated to insuring the safety of your children during the morning and afternoon hours. When time allows an officer will randomly choose a school bus and follow it during its afternoon route. This has impacted vehicle violations in a positive manner.

In August Officer Lewis resigned from his position and assumed a full time patrolman's position with the Pembroke Police. We wish Officer Lewis the best, he will be missed. Officer Leppard was promoted to Sergeant in November. Sergeant Leppard is community orientated and keeps a pro-active philosophy toward law enforcement. Officer Carter continues to instruct a DARE curriculum at the elementary school. Officer Brooks is diligently involved in the museum's community projects and mentoring program.

In closing, if you witness anything out of sorts or you have any concerns please do not hesitate to contact us. My staff and I wish you a safe and prosperous 2002.

*Respectfully submitted,*

*William E. Chandler  
Chief of Police*

# Warner Police Department

**NANCY SIBLEY WILKINS -**  
**TOWN OF WARNER TRUST FUND**

July 1, 2001 - September 30, 2001 \*\*

Beginning Values as of 7/1/01	\$ 138,528.15
Contributions	0.00
Total Return, net of investment fees	(\$12,884.66)
Foundation Fee	(\$369.93)
Expenses	0.00
Distributions/ Grants	0.00
Transfers	0.00
 Ending Values as of 09/30/01	 \$125,273.56

\*\$6,000.00 was withdrawn in February, 2001, for grants made in 2001, reported below.

\*\*The 2001 end of year report was unavailable at the time of this printing.

The ending value represents the total value of the fund. Many funds have both a cash and invested balance. Donor Advised Fund advisors may make grant recommendations from both the cash and the invested balance. Donor Advised Fund advisors may note a negative cash balance. This may occur because the NH Charitable Foundation only withdraws amounts from the invested balances annually (or quarterly per donor preference) to cover the generous grants made throughout the year. The invested balance is the amount in the endowment.

Cash Balance	\$ 3,497.63
Invested Balance	\$121,775.93
 Total Ending Value	 \$125,273.56

The Nancy Sibley Wilkins - Town of Warner Trust Fund was established under the will of Nancy Sibley Wilkins to benefit the townspeople of Warner through causes found worthy by a board of four trustees. The fund endowment (\$100,000.00) is managed by the NH Charitable Foundation. Distributions of income are by grants made from time to time as determined by the Trustees in response to grant and loan applications.

In making grants, the Trustees will give priority consideration to projects undertaken by local non-profit organizations or public agencies for which grants will:

...Provide seed money, bridge funding, capital improvements or

leverage for grantees to become more effective or to expand services or resources in order to confer greater general benefit to the people of Warner

...Support exemplary programs where modest amounts available will have the greatest impact.

...Enables grantees to build diverse sources of support without dependence upon regular grants from the Trust.

Application for grants from the Trust may be submitted to any of the trustees or Selectmen's Office at any time.

Awards given in 2001 were as follows:

Warner Men's Club- Thermal Imaging Camera for Fire Department-\$3000.

Warner Pre-School- To help with start-up costs - \$2000.

Warner Tax Collector- To bind and preserve the tax redemption book for 1933 through 1985 - \$1000.

*Respectfully submitted,*

*Donald E. Gartrell, Trustee*

*Ralph C. Kemper, Trustee*

*Mary Cogswell, Trustee*

*Edward F. Mical, Trustee*

# THE STATE OF NEW HAMPSHIRE

---

## WARRANT FOR THE TOWN MEETING THE POLLS WILL BE OPEN FROM 8:00 A.M. TO 7:00 P.M.

*To the Inhabitants of the Town of Warner, New Hampshire in the County of Merrimack in said State, qualified to vote in Town Affairs:*

**You are hereby notified to meet at the Warner Town Hall in said Warner, NH on Tuesday, the 12<sup>th</sup> day of March, next at 8:00 of the clock in the forenoon, to act upon the following subjects:**

**1. To choose all necessary Town Officers for the year ensuing.**

The following Zoning Ordinance Amendments are the condensed versions of the full Zoning changes that are being proposed and recommended by the Planning Board. The complete version is available at the Planning Board Office, the Selectmen's Office and will be available at the polls on Town Election day, March 12, 2002.

**2. To see if the Town will vote to amend Article III, Definitions, of the Warner Zoning Ordinance by revising Section h. of the definition of Home Occupation to read:**

h. utilizes an area (either in the dwelling or in an accessory building) of not more than twenty-five (25%) of the total floor area of the dwelling (including any functional basement).

**3. To see if the Town will vote to amend Article III, Definitions, of the Warner Zoning Ordinance by deleting the definition of Minimum Buildable Lot Area in its entirety.**

**4. To see if the Town will vote to amend Article II of the Warner Building Code Ordinance by revising Section A to read as follows:**

- a. No building or structure to be used as a dwelling or for commercial purposes shall hereafter be constructed, moved or altered, except in conformity with the regulations specified for the zone in which the property is situated. Any exterior construction shall be done with a permit to be issued by the

Board of Select persons or the Building Inspector. Normal repairs, restoration or improvement, interior or exterior, which do not alter the principal use of the building shall not be deemed to require a building permit *unless that building is located within a "Special Flood Hazard Area" as defined in the Floodplain Ordinance.* After issuance of the building permit, construction must be commenced within six months, and the exterior completed within two years, except that said Board may extend the time upon application.

**5. To see if the Town will vote to amend the Town of Warner Floodplain Development Ordinance by making the following change:**

Page 1, second paragraph: delete the words "and Flood Boundary and Floodway Maps".

**6. To see if the Town will vote to amend the Town of Warner Floodplain Development Ordinance by making the following changes under Item I, Definitions:**

Delete the definition of "Area of Shallow Flooding" in its entirety.

Under "Area of Special Flood Hazard", replace the second sentence with the following: "The area is designated on the FIRM as Zone A or AE."

Delete the definition of "Flood Boundary and Floodway Map" in its entirety.

Under "Regulatory Floodway", replace the second sentence with the following: "Special flood hazard area means an area having flood, mudslide and/or flood-related erosion hazards, and shown on a FIRM as Zone A or AE."

Under Item IV, Permit Required, delete reference to Zones A1-30, AO and AH.

Under Item VI, Development Standards, Section 4, delete the following words: "and are" and "A1-30 and" from the first sentence.

**7. To see if the Town will vote to amend the Town of Warner Floodplain Development Ordinance by making the following**

**changes under Item VII, Flood Elevation Determination, Floodproofing Standards:**

In Section 1(a), delete references to Zones "A1-30, AH" and delete the words "or FHBM".

Delete Section 1(c) in its entirety.

In Section 2, delete references to Zones "A, A1-30, AH, AO".

In Section 2(d), delete the words "A1-30, AH, and".

Delete Section 2(f) in its entirety.

**ADJOURN TO WEDNESDAY, MARCH 13, 2002 AT 7:00 P.M.**

8. To see if the Town will vote to raise and appropriate the sum of \$150,045.00 (One Hundred Fifty Thousand and Forty Five Dollars) for the purpose of a Town-Wide Revaluation, to start in 2002 and be completed in 2003. Furthermore to authorize the Selectmen to withdraw up to \$50,045.00(Fifty Thousand Forty Five Dollars) such amount includes interest accrued from the Town Revaluation Capital Reserve Fund created for this purpose with the balance of \$100,000. (One Hundred Thousand Dollars) to be raised by taxation.(Recommended by the Selectmen, the Budget Committee and included in the Budget.) **Majority Vote required.**
9. To see if the Town will vote to raise and appropriate the sum of \$123,200(One Hundred Twenty Three Thousand Two Hundred Dollars) for the purpose of purchasing an Excavator for the Highway Department and furthermore to authorize the Selectmen to withdraw \$50,000(Fifty Thousand Dollars) from the Highway Department Equipment Capital Reserve Fund established for this purpose with the balance of \$73,200(Seventy Three Thousand Two Hundred Dollars) to be raised by taxation. (Recommended by the Selectmen, the Budget Committee and included in the Budget.) **Majority Vote required.**
10. To see if the Town will vote to raise and appropriate the sum of \$100,000. (One Hundred Thousand Dollars) to establish a Capital Reserve Fund for the Re-Construction

of East Roby District Road, and to further appoint the Selectmen as Agents to expend from this Fund (per RSA 35:1). (Recommended by the Selectmen, the Budget Committee and included in the Budget.)

11. To see if the Town will vote to raise and appropriate the sum of \$25,000(Twenty Five Thousand Dollars) for the purpose of reconstruction and paving of the Old Graded School (CAP Building) parking lot. (Recommended by the Selectmen, the Budget Committee and included in the Budget.) **Majority Vote required.**
12. To see if the Town will vote to raise and appropriate the sum of \$10,000. (Ten Thousand Dollars) to establish a Capital Reserve Fund for the Odd Fellows Building (Martin Building) and to further appoint the Selectmen as Agents to expend from this Fund (per RSA 35:1). (Recommended by the Selectmen, the Budget Committee and included in the Budget.)
13. To see if the Town will vote to raise and appropriate the sum of \$5,000(Five Thousand Dollars) to be added to the Forest Fire Expendable Trust Fund previously established for this purpose at the 2000 Annual Town Meeting and to further appoint the Selectmen as Agents to expend from this Fund (per RSA 31:19-a). (Recommended by the Selectmen, the Budget Committee and included in the Budget.)
14. To see if the Town will vote to raise and appropriate the sum of \$5,000(Five Thousand Dollars) to establish an Expendable Trust Fund for the Cemeteries (per RSA 31:19-a) to be used for Town Cemeteries Head Stone restorations and to further appoint the Selectmen and Cemetery Trustees as Joint Agents to expend from this Fund (per RSA 31:19-a). (Recommended by the Selectmen, the Budget Committee recommends \$1,000.and only \$1,000. is included in the Budget.)

15. To see if the Town of Warner will raise and appropriate the sum of \$52,000.00(Fifty Two Thousand Dollars) for the purpose of paving roughly 4,400 feet of the remaining unpaved section of Bean Road. (Article submitted by Petition) (Recommended by the Selectmen, the Budget Committee and included in the Budget.)
16. To see if the Town will vote to raise and appropriate \$20,000.00(Twenty Thousand) to add to the Parks and Recreation Budget in a dedicated account to develop a river walk, and for field and park improvements/revitalization at Riverside Park. (Article submitted by petition). (Recommended by the Selectmen. Not Recommended by the Budget Committee and not included in the Budget. Majority vote required.)
17. To see if the Town will vote to raise and appropriate the sum of \$2,314,222.00(Two Million Three Hundred Fourteen Thousand Two Hundred Twenty Two) which represents the bottom line of the posted budget as recommended by the Budget Committee. Not recommended by the Selectmen (Said sum is inclusive of all Articles included by the Budget Committee.) **Majority Vote required.**
18. To see if the Town will vote to accept the provisions of RSA 31:95-b providing that any Town at an Annual Meeting may adopt an Article authorizing indefinitely, until specific rescission of such authority, the Selectmen to apply for, accept and expend, without further action by the Town Meeting unanticipated Grant money from a State, Federal or other governmental unit or a private source which becomes available during the fiscal year? This authorization will remain in effect until rescinded by a vote at the Annual Town Meeting. (Recommended by the Selectmen.) **Majority Vote required.**
19. To see if the Town will vote to accept the provisions of RSA 33:7 providing that any Town at an Annual Meeting may adopt an Article authorizing indefinitely, until specific rescission of such authority, the Selectmen to apply for and issue Tax Anticipation Notes? **Majority Vote required.**

20. To accept reports of the Town Officers heretofore chosen and Committees appointed as published in the Annual Town Report and to pass any vote relating thereto.
21. To see if the Town will vote under RSA 31:39 to permit the Board of Selectmen to adopt bylaws on behalf of the Town of Warner until the next Annual Meeting.
22. To transact any other business that may come before said Meeting.

Given under our hands and seal, this the 12<sup>th</sup> day of February, in the year of our Lord two thousand and two.

JOHN C. BRAYSHAW  
ROBERT C. O'CONNOR      *Selectmen of Warner*  
EDWARD F. MICAL

**WARRANT OF THE WARNER VILLAGE**  
**WATER DISTRICT**  
**ANNUAL MEETING 2002**  
**THE STATE OF NEW HAMPSHIRE**

To the inhabitants of the Warner Village Water District in the Town of Warner, in Merrimack County, in said State, qualified to vote in District affairs:

You are hereby notified to meet in the Town Hall in said Warner on Tuesday, the 19<sup>th</sup> day of March next, at 7:30 o'clock in the evening to act upon the following subjects:

1. To choose one Commissioner for three years.
2. To choose a Clerk, Treasurer and other agents or officers for the ensuing year.
3. To hear the reports of the District Officers and Committees as printed in the Town Report for the preceding year and pass any vote relating thereto.
4. To see if the District will vote to authorize the Commissioners to apply for, receive and expend, only after a public hearing, any and all grants which may be available for water and sewage systems of the District or for any study as may be required or appropriate for the operation or improvement of said systems.
5. To see if the District will vote to authorize the Commissioners to accept gifts and grants on behalf of the District.
6. To see if the District will vote to authorize the Commissioners and District Treasurer to borrow money in anticipation of taxes and water and sewer rents on the note or notes of the Warner Village Water District.

7. To see if the District will vote to increase the annual compensation for District Officers, as follows: Commissioners from \$750 to \$900; District Clerk from \$700 to \$840. (Recommended by the Commissioners and the Budget Committee and included in the Budget.)
8. To see if the District will vote to raise and appropriate the sum of twenty thousand dollars (\$20,000) to construct an office/meeting room at the treatment plant. (Recommended by the Commissioners and the Budget Committee and included in the Budget.)
9. To see if the District will vote to raise and appropriate the sum of two hundred fifty-three thousand eight hundred thirty seven dollars (\$253,837) for the operation, maintenance and improvement of the District's water and sewer systems, which sum represents the bottom line of the posted budget as recommended by the Budget Committee.
10. To transact any other business that may legally come before the said meeting.

Given under our hands and seal, this 12<sup>th</sup> day of February, in the year of our Lord, two thousand and two.

PHILIP W. LORD  
 PETER E. NEWMAN  
 DONALD S. HALL

Commissioners  
 of the  
 Warner Village Water District

 PETER E. NEWMAN  
 DONALD S. HALL

Commissioners  
 of the  
 Warner Village Water District

# *Emergency Management Report*

Emergency Management activities for 2001 were concentrated in two areas; planning and training. Having a plan is the first step to being prepared, but not acting in accordance with its contents can lead to failure. The events of September 11<sup>th</sup> confirmed that all communities must have a plan and train/exercise that plan.

Beginning in 2000, we started a complete re-write of Warner's Emergency Operation's Plan. We spent 2000 working on the basic plan. The basic plan is in final review. Planning for 2001 concentrated on the formation of our hazardous material's annex to the basic plan. Transportation surveys were conducted at four locations to identify hazardous materials that are transported into or through Warner. The results of these surveys are being placed in the Hazardous Material's Annex along with chemical information received from businesses. This annex should be finalized during 2002. In 2002, we will focus on re-writing the Evacuation and Mass Care annexes. We are also working with the Simonds School team to plan for emergencies that may affect the school.

Training plays an important role when called into action for an emergency. Both Fire and Police Department personnel participated in hazardous materials training during 2001. In addition, our Public Works Director also attended State DES sponsored hazardous materials training. In 2002, our Transfer Station personnel will also attend hazardous materials training.

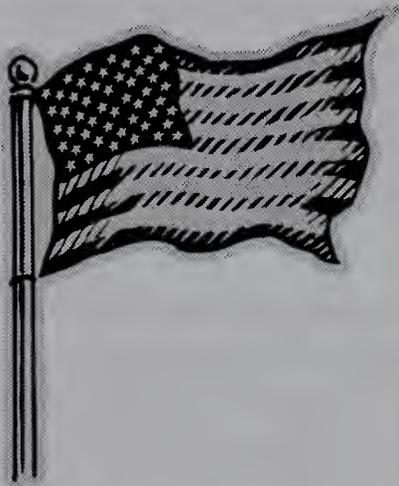

On a personal note, I was recognized by the NH Office of Emergency Management for completing Level Three training. To achieve Level Three certification, you must complete 13 FEMA sponsored courses. These courses range for 8 to 24 hours with a total of 220 training hours. This has taken several years to accomplish. If you are interested in attending any of the courses offered, please feel free to contact me.

We have accomplished much in the last two years. The future in 2002 and beyond holds new problems that must be tackled, such as the increased transportation of hazardous materials, updating our emergency plans and responding to the new challenges associated with terrorism. Together, we will address these challenges.

I would like to thank Donna, the Board of Selectman, all Town Departments and a special thanks to the Town Office Staff for your continued support and cooperation during the year. By working as a team we will be prepared when disaster strikes.

*Respectfully submitted,*

Edward F. Mical  
*Coordinator*

# *Town of Warner* *Budget Committee Report*

The *Budget Committee* began the process this year in July with a review of the expenditures for the first half of 2001. In August and September we conducted our annual departmental facility's tours that allow us to review each department's facilities, their 2001 projects, and discuss potential programs for 2002.

In October we began to review the 2002 Department/Selectmen's Budget requests. These budgets reflected an 11% increase over 2001 expenditures/budgets and the proposed revenue for 2002 was 11% less than expected in 2001. The *Budget Committee* considered these budgets unacceptable and began a detailed review of each budget.

During our budget process we adopted the concept of a bottom line departmental budget recommendation, rather than line item recommendations, believing that it is the Department's and Selectmen's responsibility to manage the individual expenses within the department's budget.

The recommended *Budget Committee* budget that we have prepared, will meet the requirement needs of the Departments, is fiscally responsible, and controls the Warner Tax rate. We recognize that this budget may minimally limit some Department services, but budget restraint was necessary to control the escalation of our tax rate.

*Respectfully Submitted*

*M.D. Cutting-Chairman*

*Chris Perkins,*

*Peter Newman / Precinct Representative*

*Jere Henley,*

*Rich Stanley,*

*Ed Mical / Selectmen Representative*

# Warner Fire Department Annual Report

## 2001

2001 was an average year for fire and rescue activity with no injuries to the public or Department personnel. The new tanker was completed and put into service. It is working very well and is a great addition to the fleet. We will keep the 1964 Ford tanker as a reserve piece. It will be kept at the Kearsarge Street Station.

After the events of September 11, 2001, we did a fund raiser for the Firefighters families in New York City. To our amazement we raised over \$25,000.00 in one week. Two of our members delivered the money directly to the families of three New York Firefighters who died. Ten Firefighters also went to New York City for a day to attend a funeral and view ground zero.

The Warner Men's Club did a fund raiser for \$14,000.00, for the purchase of a thermal imaging camera. The money came in very quickly and we received the camera in December. We have already used it several times. The Fire Department would like to thank the Men's Club for a great effort and the camera will be a big asset to the saving of life and property. Warner should be very proud of its residents for their support of both fund raisers this year.

We continue to get great support from the Selectmen and all Town Departments. I want to thank all who volunteer that are not members and all who are members, together we make a great team for the protection of life and property for the Town of Warner.

## *Summary of Calls and Alarms for 2001*

Emergency Medical	155	Vehicle Accidents	24
Brush/Grass	8	Vehicle Fires	9

# Report of Town Forest Fire Warden and State Forest Ranger

Your local Forest Fire Warden, Fire Department, and the State of New Hampshire Division of Forests and Lands cooperate and coordinate to reduce the risk of wildland fires in New Hampshire. To help us assist you, contact your local Forest Fire Warden or Fire Department to find out if a permit is required before doing ALL outside burning. Fire permits are mandatory for any open burning unless the ground where the burning is to be done (and surrounding areas) is completely covered with snow. Violation of RSA 227-L: 17, the fire permit law and the other burning laws of the State of New Hampshire are misdemeanors punishable by fines up to \$2000.00 and/or a year in jail. Violators are also liable for all fire suppression costs. Open burning is a privilege, **NOT** a right. Help us to protect you and our forest resource! Build small brush piles that can be quickly burned and extinguished.

New Hampshire experienced over 940 wildland fires in 2001. Most of the fires were human caused. Due to dry conditions fires spread quickly impacting more than 20 structures. Homeowners can help protect their homes by maintaining adequate green space around the house and make sure that the house number is correct and visible. **Only You Can Prevent Wildland Fires.** Contact your local Fire Department or the New Hampshire division of Forests and Lands website at [www.nhdf.com](http://www.nhdf.com) or call 271-2217 for wildland fire safety information.

## 2001 FIRE STATISTICS

*Douglas C. Miner  
Forest Ranger*

Last March we got hit hard with snow. One storm in particular dumped up to three feet of snow in some areas. Spring thaw was going to be long and very muddy. Summer would probably be late this year. Our piles of brush that we burn in early spring were buried deep in snow. Our early spring burning was put on hold. However, it seemed that over night the snow disappeared and the ground dried out. Another dry summer was in the making. Fire permits were few and far between. Even into late fall conditions remained dry. Next summer looks like another dry season also. We ended the year with 8 brush fires and 4 non-permit fires. All and all we finished the year on a fairly quiet note. I urge you to burn your brush and debris while there is still snow on the ground, as the summer time is not a good time to burn.

*Respectfully submitted,*

*L. Ernest Nichols  
Forest Fire Warden*

# *Trustees of Town Cemeteries* *Annual Report for 2001*

The *Trustees of the Town Cemeteries* are responsible for the maintenance, repair and improvements to the 30 cemeteries in the Town. Some of these are small family lots in presently undeveloped sections of Warner, as well as the 30-acre New Waterloo Cemetery located on Route 103 west of Town.

The combination of interest from perpetual care trust funds and money from the Town of Warner allows us to hire a part-time custodian, pay the American Legion for annual spring clean-up before Memorial Day, and pay for small maintenance jobs that must be hired out to individuals. John Davis did the mowing in the cemeteries again this year as well as additional brush cutting on the perimeters of some of the cemeteries.

On Clean-Up Day in April, Robert Shoemaker and Gerald Courser pruned spruce trees and took down a damaged birch in the New Waterloo Cemetery. General work was done in the Old Waterloo Cemetery and the downed gate found at Coal Hearth was rehung. The Village, Parade Ground and three other cemeteries were also checked over.

In June the trustees inspected the Village Cemetery and identified at least 15 stones that need repair and/or to be placed upright. This long-term project is one we are planning to pursue in the near future.

Robert Shoemaker repainted the Coal Hearth gate and the New Waterloo sign in September. Activities for the year ended in November when the trustees marked and laid out 100 new lots in the New Waterloo Cemetery.

Annual Clean-Up Day is tentatively scheduled for the last Sunday in April, the 28<sup>th</sup>. We welcome all volunteers to be ready at 7:30 A.M. with the necessary items: rake, gloves, bug repellent and drinking water. The first work site will be announced later this year.

The American Legion, John Davis, and all our volunteers are to be commended for their fine and faithful care of our cemeteries. The condition in which we keep them is a reflection of our respect for the past and a measure of our ongoing commitment to the well being of our community.

*Respectfully submitted,*

*Anna M. Allen  
Gerald B. Courser  
Jayne A. Greenlun

# Lake Sunapee Region Visiting Nurse Association and Affiliates

Lake Sunapee Region Visiting Nurse Association is proud to have served residents in the Town of Warner this year. The life-changing events of September 11 reminded all of us of the value of our community and our country. Our staff traveled more than 500,000 miles this year bringing care to families, friends and neighbors in this region.

Here at LSRVNA we spent the year focusing on ways to improve the care that we provide to you. That process took many forms... from assessment of clinical practice standards to ensure a good outcome for the patient and family, to partnerships with other providers to reduce costs, and to investments in technology to improve the care we provide and give us the information we need to make well-informed business decisions.

Several areas are noteworthy. First, our Hospice program cared for 91 patients, the most patients and families since its inception. The Hospice Team, including physicians, clinical staff, support staff and over 50 volunteers worked to ensure that each patient and family received the support they needed to allow their loved one to remain at home until death.

Second, our Pediatric program expanded its services by adding highly skilled nurses who are able to provide the care necessary to keep children at home with their parents and families; children on ventilators, children with diabetes, cystic fibrosis and orthopedic problems. This means the world to families. One father stated "your service has allowed us to be a family again."

Finally, we invested in an exciting new telehomecare program. Our HomMed Sentry units allow the nurse to monitor their patient's vital signs daily, review that information here in our office and notify the physician in time to prevent serious complications.

Part of the mission of LSRVNA is to provide other community benefits for residents in the towns we serve. In addition to charity care we provided:

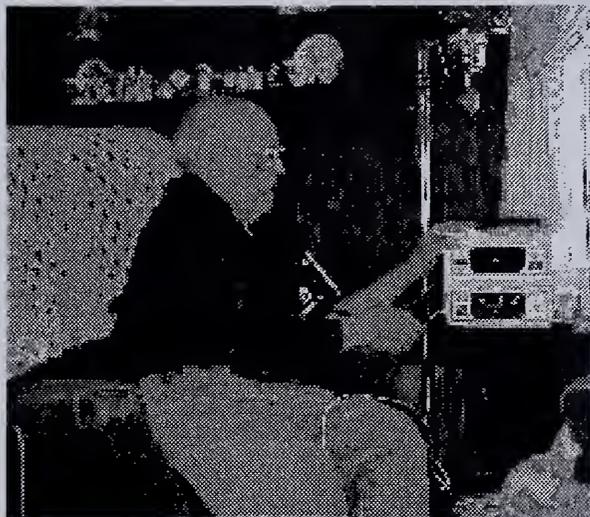

- Lifeline Personal Response System administration for 248 individuals
- Weekly Parent-Child Support group including transportation and child care for more than 40 families
- Community education programs on CPR, caregiver training, advance directives, parenting, healthcare ethics and more
- Trained 10 Hospice volunteers
- Participated in 8 community and business health fairs
- Provided clinical and business experience, internships or job shadowing for 35 high school, technical school and college students
- Provided meeting room space for outside groups
- Provided medications for needy children
- Provided storage space and distributed food for the Kearsarge Food Pantry
- Provided bereavement support to adults and children through home visits and support groups
- Provided File of Life kits and emergency information to each patient admitted for service
- Provided 20 bicycle helmets for children to prevent injuries
- Provided more than 400 pairs of Tread-mate safety socks to home care and hospice patients as part of our Cozy-Home Safety project

This year 155 residents of Warner utilized our services. Our Home Care and Hospice program provided 1289 visits to adults and children; Life Line services were provided for 5 residents.

Lake Sunapee Region Visiting Nurse Association is grateful for your support. The Boards of Trustees and the staff join me in reaffirming their commitment to you to provide the quality home care, hospice and community services you need and expect.

*Respectfully,*

*Andrea Steel  
President and CEO*

# **CENTRAL NEW HAMPSHIRE** **REGIONAL PLANNING COMMISSION**

28 Commercial Street ❖ Concord, New Hampshire 03301

❖ phone: (603) 226-6020 ❖ fax: (603) 226-6023

❖ internet: [www.cnhrpc.org](http://www.cnhrpc.org)

Established in accordance with state law, the Central New Hampshire Regional Planning Commission (CNHRPC) is a voluntary association of 20 towns in Merrimack and Hillsborough Counties and the City of Concord. The Town of Warner is a member in good standing of the Commission.

The Commission's mission is to improve, through education, training, and planning assistance, the ability of the municipalities of the region to prepare and implement municipal plans; to prepare a plan for effective and appropriate development and utilization of the resources of the region; and to assist municipalities in carrying out the regional plan.

The Commission provides a variety of planning services, including consultations on planning issues; planning research; the development of sample ordinances, regulations, and other planning projects such as local master plans, capital improvement programs and corridor studies; circuit rider planner assistance; the compilation of local and regional demographic information; review and comment on planning documents; development review; and educational programs.

During 2001, Commission staff provided the Town of Warner with assistance in the following areas:

Provided the Planning Board with sample subdivision bonding and letter of credit language, provided assistance related to aesthetic design standards and issues involving building on a Class VI Road, and assisted the Martin Building Study Committee in the development of the Odd-Fellows (Martin) Building Community Survey.

In addition to the local services described above, in 2001 the Central New Hampshire Regional Planning Commission:

- Provided general local planning assistance to member municipalities and responded to inquiries regarding zoning ordinance, subdivision regulation, and site plan review regulation revisions. Prepared calendar and narrative describing critical dates in preparation for Town Meeting 2002.
- Held four meetings of the CNHRPC Regional Resource Conservation Committee (R2C2), which seeks to bring representatives of each of the region's communities together to work on conservation issues that affect the overall region. The January 2001 R2C2 meeting was held at the Pillsbury Free Library.
- Completed and distributed the Guide to a Municipal Open Space Trail System Plan.
- Completed the update of the FY 2003-2012 CNHRPC Transportation Improvement Program (TIP).
- Conducted approximately 240 traffic counts throughout the region, with 27 counts taken on state highways and local roads in Warner.
- Organized and hosted five meetings of the CNHRPC Transportation Advisory Committee (TAC).
- Provided assistance to municipalities, groups and interested individuals regarding the Transportation Enhancements (TE) and Congestion Mitigation and Air Quality (CMAQ) programs.
- Provided assistance to local communities in the development of Land and Community Heritage Investment Program (LCHIP) proposals.
- Continued work on the update of the CNHRPC Regional Transportation Plan and preparation of the Regional Multi-Use Trail Plan.
- Provided continuing technical assistance to the Upper Merrimack River Local Advisory Committee (UMRLAC) and the Contoocook and North Branch Rivers Local Advisory Committee (CNBRLAC).

- Completed the update of the CNHRPC Regional Bicycle and Pedestrian Plan and the draft Regional Open Space Plan.
- Provided assistance to CNHRPC member and non-member towns regarding National Flood Insurance Program (NFIP) participation and compliance.
- For additional information, please contact the CNHRPC staff or your representatives to the Commission, Royal Latuch, Pam Trostorff, or Jere Henley, or see us on the internet at [www.cnhrpc.org](http://www.cnhrpc.org).

*Respectfully submitted,*

*Michael Tardiff  
Executive Director*

## Chandler Reservation Committee Report

The Chandler Reservation Committee had several ongoing projects that they oversaw during 2001. As noted in last year's report, a timber sale for an area off the Bean Road was held in December of 2000. This project was started during January 2001 and was completed by the end of March. The placing of this timber on the market during the fall of 2000 resulted in obtaining a very favorable stumpage price. Having submitted the highest bid, the job was awarded to Alan Greenlaw, a local Warner resident. The sale comprised primarily softwood.

Log landing adjacent to Bean Road

A future timber sale was marked during the spring of 2001. This area, also off Bean Road, will utilize the Osgoodite Road, so called, that was built on the Reservation several years ago. The marked timber covers a wide area and is forested with mixed hardwood and softwood. Due to a significant change in market conditions, the committee decided to delay the advertising of this sale. Markets will be watched closely for more favorable conditions during 2002.

The committee reviewed the condition of some recently built roads and elected to do some maintenance on the Weaver Road and also the Osgoodite Road. Additional gravel was placed on each of these roads. Water drainage issues were addressed during this maintenance. It is the view of the committee that these roads are very important to the Reservation and that a level of maintenance should be maintained to protect the investment. Not only are they used for harvest activity but access for fire protection was one of the primary

considerations given when the road building was first considered. Both of these roads were old truck roads long ago but had grown up and were no longer passable for fire suppression or timber activity. Working with several local contractors over the past few years, the road projects have been done very economically. The committee would like to thank Allan Brown, Public Works Director, for making the gravel available.

The on-going project to re-mark and map the Reservation's property boundaries continues. Discussions are to take place regarding a parcel of land that was formerly part of the Warner Water District. This land, bordering the Chandler Reservation, and subsequently added thereto, should be included and made part of the existing survey map of the Reservation.

Signage and trail markers were checked throughout the Reservation's trail system. A map of the Reservation trail system is available at the Town Clerks office and also as a downloadable Adobe Acrobat® (.pdf) file on the Town's Web site at <http://www.warner.nh.us/downloads/trailmap.pdf>

*Respectfully submitted,*

*Gerry Courser  
Allison Mock  
Gary Young  
Richard Cutting*

*Chandler Reservation Committee*

## *Conservation Commission*

During 2001 the *Warner Conservation Commission* worked with local property owners to permanently conserve more than 450 acres of ecologically significant land. The *Conservation Commission* obtained two new conservation easements: 350 acres near Bear Pond and added additional acres to the protected lands around the Tory Hill Meadow. The Commission also worked with the Ausbon Sargent Land Trust to protect more than 80 acres along the Henniker town-line in the Mink Hills.

We would like to thank David Reis and the Contoocook Village Water Precinct for helping to make the Bear Pond project possible. We would also like to thank Sue Bartlett and Phil Stock well for donating an easement on their land bordering the beaver pond in Tory Hill Meadow. This land adjoins the easement we have previously received from the Mount Kearsarge Indian Museum, protected more than half of the frontage on the pond. In addition, we would like to thank Katharine Brown for donating an easement to the Ausbon Sargent Land Trust. This property abuts the Ashendon State Forest, which Katharine donated to the state several years ago.

The addition of new conservation lands increases the Commissions stewardship responsibilities on the easements it holds. To address this need, we have created a stewardship committee and have been working to mark the boundaries on easement properties and collect information about the natural resources on these lands. The Commission would like to thank the Warner Fall Foliage Festival Board for helping us to purchase conservation easement boundary markers and a geographic positions system unit. These tools will help us to be good stewards for many years to come.

In the spring the Commission participated in the Governor's Recycling Program's effort to encourage composting and reduce the amount of waste taken to transfer stations around the state. Nearly 20% of the waste we produce could be composted creating a rich soil for use in vegetable and flower gardens. Purchasing the composting units through the state recycling program reduced the purchase price by more than 50%. Warner citizens were enthusiastic participants. We sold 107 compost units in our first year of involvement. If you missed your chance, but are interested, watch for an opportunity in the spring of 2002.

The Commission is presently working on a town-wide landscape conservation plan to help focus on protection efforts on the lands most important to protecting our wildlife and water quality. If you are interested in participation in this effort or any of our other activities, please contact any member of the Commission.

*Respectfully submitted,*

*Richard A. Cook  
Chairman*

# *Recycling Committee Report*

At the 2001 Annual Town Meeting, the Selectmen announced their intention of forming a committee to advise them on recycling in Warner. Their request for volunteers brought forth a core of about a half dozen individuals who organized themselves into the Selectmen's Recycling Committee. Their organizational meeting was held on April 11, 2001. Original members included Maureen Ireland, Steve Bridgewater, Sue Henley, Richard Senor, Ed Mical and Dave Hartman. Ed Mical served as the Selectmen's Representative. Dave Hartman was selected to chair the committee. From time to time other town residents joined in committee meetings.

During the year, the Committee reviewed recommendations offered by the Recycle Center staff. The Committee toured the Center to see first-hand what problems exist, what the general layout is and where improvements might be made. The Committee researched other community approaches to their recycling efforts. The Committee met with the Selectmen to discuss progress.

The results? The following is a sampling of Committee issues and recommendations, and what has resulted:

Recycling Policy - above all, the Committee highly recommends continuing of the Town's policy of recycling to the maximum extent practicable.

Committee Status – the Committee recommends continuing its status as advisor to the Selectmen.

Baling Cardboard – the Town should revert to doing its own baling, saving money and increasing income (recommendation implemented).

Annual Fee Paid by Commercial Haulers – we don't collect the fee (no change, but we should collect the fee).

Dumpster Users Compliance with the Recycling Policy – recommended the Selectmen send a letter to dumpster users specifying how to recycle (not done).

Demolition Debris - the cost of disposing of demolition debris is many times more than the fees collected from users (further work needed).

Dump Stickers – conducted a one-day survey at the Transfer Station to see who were and who were not using the windshield dump stickers. A surprisingly high number of users do not bother using the stickers (enforcement needed).

Public Awareness Campaign – included articles in the Warner New paper, and revised and distributed the recycling flier in June's tax bill (continuing effort).

Solid Waste Ordinance – overlying all of the Committee's Business was the need to review and revise the Town's solid waste ordinance. This task has begun. A draft rewrite is in the works (public hearing to be held).

Regional Cooperative – effort was made to reduce overall tonnage of trash hauled to the regional incinerator in Penacook by increasing recycling (a two percent reduction was realized in 2001 for Warner, while the region as a whole went up slightly, CONGRATULATIONS, Warner).

Respectfully submitted,

David Hartman  
Chairman

# 2001 Warner Transfer and Recycling Station Report

Transfer Station Stickers will be changing color to red this year. Red and green will be honored until Feb of 2003. Any vehicle entering the facility must have a valid sticker in plain sight. Only trash generated in Warner can be disposed of at the facility.

C&D "Construction and Demolition" material that is from home repair projects is a pay as you use program. The only way we have to determine the amount anyone pays is by guessing and it has fallen far short of paying for it self as it should. It cost the town \$23,849.50 to dispose of 211.29 tons of C&D and only \$3,108.50 was taken in to pay for it. Scales are the only way to get the true value back. Scales would pay for themselves in about 2 years.

To comply with "D.E.S." Department of Environmental Services, Peter Newman and James Ryan will test for their Grade III operators' license this spring.

Residents are bringing in many things we are not allowed to have on sight or allowed by law to accept. We can take universal waste but not hazardous waste. Please ask the attendants before dropping off materials. We have to comply with the D.E.S. laws.

Recycling market prices have dropped this year as the economy slowed down.

1,7680.73 tons of household trash were delivered to the incinerator in 2001, 45.89 tons less than 2000. Still more trash went out in private dumpsters this year than through the transfer station (see list below). This trend has to be reversed and more recycling of household trash has to happen or the expense of disposing of trash will keep climbing.

The 2001 Gross Annual Tonnage "GAT" was set at 1734 tons at \$37.00 a ton. 1,768.73 tons were delivered 34.73 tons over GAT. Base prices were charged for 10 tons at \$37.00 and \$67.50 were charged for 24.73 tons over base prices. The GAT for 2002 has been set at 1734 tons at \$37.00 per ton. Trash delivered above the base tonnage will cost \$66.50 per ton.

**Restricted Materials:** No hazardous waste, no explosives, no infectious waste, no asbestos or radioactive materials.

We cannot take the above mentioned materials but we can help you find the proper places to dispose of them.

Our hours of operation are located in the front of this Town Report. During holiday times we do post our hours if they differ from our normal hours of operation. If you need assistance or have any questions, please ask one of the attendants, we will be glad to help you.

*Respectfully submitted,*

*Allan N. Brown, Public Works Director  
Manager, Transfer and Recycling Station*

## *Household Trash Statistic*

- 2001 George Naughton dumpster route for private use – 752.47 tons which include WPI @ 61.25 tons. George Naughton hauling for Warner Transfer Station 676.83 tons. Market Basket – 339.43 tons (costs paid by Market Basket)
- 2000 George Naughton dumpster route for private use-659.30 tons which included WPI @ 57.5 tons. George Naughton & Gleason trucking hauling for Warner Transfer Station – 708.34 tons. Market Basket – 366.30 tons (costs paid by Market Basket)

TOTAL delivered to incinerator – 1733.94 tons

- 1999 George Naughton dumpster route for private use – 785.42 tons which include Warner Power @ 73.97 tons  
George Naughton & Gleason Trucking hauling for Warner Transfer Station – 697.89 tons

Market Basket – 331.31 tons (costs paid by Market Basket)

TOTAL delivered to INC – 1768.73 tons

# Notes

## *Highway Department 2001*

A snowy winter kept the highway department busy from January to the first of April. The first part of April we spent pushing snow banks back for the expected heavy spring rains and run off that didn't come. Light rains and slow snow run off made for a short mud season.

Lawns were seeded and trees were planted on the Geneva and Kirtland Street and Roslyn Ave. sewer and highway project that were not completed in 2000.

With the spring clean up and small jobs out of the way we started to gear up to go into the big jobs for the summer season. In May our 1987 CAT 206 excavator broke down. The Board of Selectman decided that the repair this time was too expensive for a machine its age. We rented three different excavators over the course of the summer to do jobs this year costing thousands of dollars that had not been planned. We have asked for money in this coming budget to replace our excavator. The department is lost without it as most of our work depends on being able to dig dirt when we need to and that is about everyday including ice in the winter. We will be able to apply some of the rental money we spent towards the purchase of the machine.

A section of Bagley Hill Rd. was reconstructed and made passable for year around travel. This section of road has for the last few years been so muddy in the spring that the people that live there could not drive to their homes.

The Board of Selectman decided to complete Bean Rd. so that the middle section could be kept open year round. Usually it is closed for a two to three week period in the spring. We will complete this project in 2002.

Provan and Lober were awarded the contract to engineer the necessary repairs to keep East Roby District Road open. The cost to make repairs will be approx. \$500,000. This is one of two ways to enter the Newmarket area off route 103. Heavy trucks, fire equipment, school buses and other vehicles that are not allowed through the Waterloo Covered Bridge are required to use this section of road to access the Newmarket area. This is a major repair and a lot of money but the road does service a large area of town with limited access.

As the Town continues to grow at such a fast pace, the existing highway system will become inadequate. Only a few short years ago most of our back roads were one lane and you pulled over when you met a car. These

roads were not designed to have heavy trucks that weigh anywhere from 40,000 lbs. to 100,000 lbs. on them or have hundreds of cars a day pass over them. Your patience on maintenance and plowing will be greatly appreciated.

*Respectfully submitted*

*Allan N. Brown  
Public Works Director*

# Notes

# *Pillsbury Free Library* *Library Director's Report 2001*

We are still seeing a shift in types of services being used at the library. The computers, especially the Internet access (now with very fast DSL access thanks to the generosity of MCT Telecom), are very popular, and our staff uses them frequently to help answer reference questions. We are borrowing from other libraries more than ever, in spite of problems with the out-dated computer system at the State library. By the end of 2002 there will be an updated State system in place and we expect huge improvements in access to inter-library loan services. The NH State Library continues to provide NH Residents with free access to "Proquest", an Internet-based index and source of articles from thousands of magazines and newspapers. Contact the library for details of how to access this from home or at the library. Nationwide, the borrowing of library items has dropped overall, but we have followed that trend only in certain types of materials, such as videos, magazines, and children's books. The shifting of the baby "boomlet" from elementary school to middle school and the addition of Public Kindergarten may be responsible for this trend. Adding Kindergarten has also affected our pre-school story times, with the attendance now focused in the younger age group of two to four year-olds.

In 2001 we completed the spending of two major Library Services and Technology Act grants. One grant of \$10,300 was used to start a program of adult literacy tutoring, and provided workshops for learning money management and computer skills in the Warner-Bradford-Newbury area. Over twenty-five new GED students were signed up and matched with tutors, and most of them have by now passed their GED exam. Congratulations! Training was also provided for new tutors. We will be continuing the program, so anyone who would like to get some help or give some help in these areas (reading, math, money, and computers) should contact the Library.

The funds were also used to purchase study materials for students and teachers. A huge "Thank you" to Louise Hazen for coordinating the program, and to all the tutors for their generous donation of time and skills.

The other grant of \$15,000 involved microfilming, and copying to CD-ROM, complete runs of several current local newspapers. The CD-ROMS are now available in each public and school library of the Kearsarge Regional school district. Almost half of the Kearsarge Independent and Times was also digitized to CD-ROM. We will be looking for funds to complete this project in the coming year. Donations are welcomed from individuals or groups.

The year 2001 also brought some major changes in staffing. We said a regretful "good-bye" to Assistant Librarian Mary McDonough, who so capably developed children's room services into a vibrant and active program, including a popular series of after-school programs with the help of Joan Saunders and Laurie Prewandowski. Mary has moved to Newburyport, Mass. to start an Art Gallery with her husband. Taking Mary's place, we welcomed Deann Hunter in June. Deann is continuing the tradition of story times for preschoolers, including Head Start, Kearsarge Children's Center, and the Warner Cooperative Preschool. She is also developing a series of family craft events for all ages, and some events and activities for the after-school crowd. In June we also regretfully accepted the resignation of Lisa Brochu from her Saturday and evening hours. We are pleased, however, that Louise Hazen and Julie Sweeney have now joined our regular crew, which includes Linda Hartman and K.Kay Steen.

In 2002 we are expanding our hours slightly, so that we will be opening at 1 pm instead of 2 pm on Tuesday, Wednesday and Thursday. We will be seeking input from the public about future expansions of services. Please let us know what hours or services you would like to see added or changed.

**Interlibrary Loan:** 408 items borrowed from other libraries, 242 lent to other libraries. Total activity: 650.

**Programs:** 135 programs were conducted, with a total attendance of 1495. Adult programs included poetry readings, book discussions, money management and computer workshops, GED clinics, lunch programs in cooperation with the Warner Senior Center, and Frank Maria Lectures, featuring Rev. J. Bodine and Arnie Alpert. Children's programs included story times for preschool, Kindergarten and daycare groups as well as summer reading programs, school class visits, and after school programs. A family holiday program of music and storytelling was held in December.

**Passes** to the Christa McAuliffe Planetarium, Museum of NH History, Museum of Fine Arts, Mount Kearsarge Indian Museum, and Seacoast Science Center were used a total of 50 times in 2001. The Seacoast Science Center pass will not be renewed in 2002 due to lack of use, and the MFA pass might be dropped in June due to a huge cost increase from \$80 to \$400.

**The Frank Maria Meeting Room** was used by many groups during the year, including frequent use for GED tutoring, and the new Writer's Group. Please call if your group needs a space to meet.

As always, I wish to express deep thanks to all the **volunteers** who support the library and enhance its services to the community, especially Liz Young, Shep Bartlett, Fern Lampron, Pat Govoni, Louise Hazen, Joan Saunders, Laurie Prewandowski, Liz Fougere, and of course, the Board of Trustees. I also greatly appreciate our dedicated regular staff that always provides cooperative, cheerful and excellent service: thank you Kay, Linda, Deann, Ed and Gerry, Louise, and Julia. Finally, all best wishes to our former staff members, Mary and Lisa.

Please feel free to contact us with any questions, comments, or suggestions.

**A Window to the World**  
**A message from the**  
**Pillsbury Free Library Board of Trustees**

Last year we celebrated the 110<sup>th</sup> anniversary of the building that has housed the Pillsbury Free Library for over a century. With the addition of air conditioning this past year (which was completed substantially under budget!), we can now truly say the addition built in 1994 is now complete.

This year also marks the 110<sup>th</sup> anniversary of the opening of the library to the public, an event that occurred in 1892. My, how things have changed!

In 1891 the Library held about 4,500 books, the gift of George Pillsbury's wife Margaret and his son Charles, founder of the Pillsbury Company. Books were kept in the 'closed stacks' behind the librarian's desk, and had to be requested by number from a printed booklet called a catalogue. No one under the age of twelve was allowed to borrow books.

In 1899, the minimum age of 12 was abolished, and the library could boast its usefulness to all the citizens of Warner. In the 1950's a music collection was added and the lower level converted to an historical display room. In 1977, a children's room replaced the historical room downstairs. A year later, a photocopier was purchased for public use. In 1980, a filmstrip viewer and projector allowed the public showing of films and slides.

Little did we realize, but in 1986, the library took its first step toward an infinite expansion of its collection: It bought its first computer with a bequest from Frances Emerson. The next step occurred in 1990, when interlibrary loan began, allowing access to 200,000 titles in the New Hampshire library system. That year also marked the beginning of children's storytime and the start of deliveries to homebound readers. In 1997, a library patron logged onto the internet for the first time.

Today, the library still serves as a wonderful location for finding and reading a book or magazine, with over 25,000 cataloged items to look at. The library, however, is not just books and magazines. It truly offers a window to a vast, diverse world. There are audio books, large print books, videos, newspapers, a music collection, and historical documents. If the collection does not contain what you need in the building, the library offers interlibrary loan and high speed internet access.

The library used over \$26,000 in grant money this past year to establish literacy and after school programs. Events occur at the library on a regular basis, including art exhibits, public meetings in the Frank Maria room, children's' storytime, books discussions, lectures, poetry readings, and writers' groups. The library even offers free passes to area attractions such as the McAuliffe Planetarium, Boston Museum of Fine Arts, the Museum of New Hampshire History, America's Stonehenge, and the Mt. Kearsarge Indian Museum.

Visit your library to explore the world.

Miscellaneous expense	\$ 3,249.96
Personnel expense	\$ 56,624.03
Plant operation	\$ 13,718.90
<b>Total expense</b>	<b>\$ 134,905.10</b>
<b>Net Income*</b>	<b>\$ (42,002.90)</b>

\* deficit covered by grant funds received in FY2000 and by funds saved from previous years.

### Notes

- 1) The operating fund consists of the operating fund checking account plus operating funds held in certificates of deposit.
- 2) The Town of Warner's 2001 warrant article contribution to the air conditioning project (\$3,580.71) is being held in the PFL Building Fund to be paid during 2002.

*Respectfully submitted*

*John W. Warner, Treasurer*

## *Planning Board Report*

During this past year, the Warner Planning Board saw continued evidence of growth in Town. A total of four 2-lot subdivisions and five commercial site plans were reviewed and approved. In addition eight lot line adjustments and three voluntary mergers were approved. The Board also provided preliminary consultation to a number of property owners considering various changes in use or land development. At the end of the year the first cell tower application made its way to the Board's agenda.

The Board has continued to monitor progress at Exit 9 on the filling required before this four lot commercial subdivision can receive final approval. The fill is necessary to raise the buildable portion of each of the four lots above the 100 year flood elevation.

A number of revisions to the Site Plan Review regulations have been worked on for the purpose of enhancing the design qualities of new development in the two commercial districts, at Exits 7 and 9. Issues such as architectural design, lighting, signage, landscaping and related site planning are being addressed.

Thanks are due to the volunteer members of the Planning Board for the many hours of service they have given to the Town in 2001. Nancy Martin, who stepped down this year, deserves to be acknowledged for her years of service on the Board, the last five as Chairman. Special thanks to Linda Connors for her long service as a Board member and also to Cynthia Dabrowski.

*Respectfully submitted*

*James Mclaughlin*  
*Chairman*

# *Zoning Board of Adjustment Report*

This year has seen a fairly light load of applications or appeals. We have had several hearings dealing with requests for variances or special exceptions on land use or building locations on lots. All have been resolved to the mutual satisfaction of both the zoning regulations and the land owner or applicant. There have also been consultations on possible future requests for zoning appeals or the need for a zoning hearing.

At the 2001 Town Meeting, new regulations for communications towers were approved. The most obvious one dealt with the communications tower height, in that no tower shall extend over 20 feet above the nearest average canopy height within a 500 foot radius. A Special Exception was granted in November to the American Tower Co. for a mono pole tower to extend 109 ft in height on a site in the R-3 zone in Davisville. This application has now gone to the Planning Board for the required site plan review.

Thanks to our new secretary, Sissy Brown, we now have a well-organized office, regular office hours, and an efficient notification of hearings. Meetings are held regularly on the second Wednesday evening of each month at 7 p.m., if we have an application to hear. Applications for zoning hearing may be obtained at the Town Hall at the Planning and zoning Office, which is open every Wednesday from 10 a.m. until 12 noon.

*Respectfully submitted,*

*Theodore W. Young  
Chairman*

## *Wage Study Committee*

The *Wage Study Committee* first met on February 21, 2001, and was attended by Fred Arnold, Chairman, David Karrick, Chris Perkins, Liz Young and John Brayshaw, the Board of Selectmen representative. Ed Mical has since replaced Mr. Brayshaw. The initial charge was to develop a process for compensation and evaluation and to review and revise personnel policies and practices.

The Committee determined that the tasks were to prepare job descriptions, to prepare a wage structure, and to assign positions to the wage structure. A report providing this information was submitted to the Board of Selectmen on September 20, 2001. A wage structure consisting of fifteen pay ranges with minimum and maximum rates and recommended placement of each position was included. A review of similar positions in towns of like size suggested that the wage ranges for Warner positions were reasonably competitive. Salary guidelines were provided as they related to hiring, promotions, transfers, and reclassifications.

Additional work is to be done on developing a performance review program, continued review and revision of the Personnel Policies, Rules and Regulation of April 23, 1996, and a comprehensive review of wages and employee benefits to enable comparison of total compensation with towns of like size. An annual statement outlining the value of the benefits to each employee is also planned. The committee believes this program, once completed, will enable the town to have a consistent personnel program readily understood by the employees and one that can be administered in a fair and consistent manner.

*Respectfully submitted,*

*Fred Arnold*  
*Chairman*

## *The Odd Fellows (Martin Building)* *Study Committee*

During the Year 2001, the *Odd Fellows (Martin) Building Study Committee* has done more than studying. We have cleaned out the building, as well as, identify some of the structural problems. useful items found in the building, have been saved for a future yard sale. We put together a survey that was mailed to all residents, reviewed and compiled the survey's data, which will be presented at the March 2002 Town Meeting. After many Committee Meetings, it is the hope of this Committee that the Town will find a use for this building and let it become an asset to the residents of Warner.

As Committee Chairperson, I would like to thank al the Committee Members for their time and diligence with our task. It is a pleasure to work with all of you.

*Respectfully submitted,*

*Richard Senior*  
*Chairman*

# The 2001 Warner Fall Foliage Festival

## Summary

Residents of Warner,

Looking back to October 2001, despite a lot of rain and strong, punishing winds, *WFFF 2001* was a great success! Total revenue was \$73,263.66. After expenses and coupled with sound fiscal management over the past several years by out going Treasurer Kevin Mock, the *WFFF Annual Meeting* approved allocation \$27,203.00 to fully fund all 13 local organization projects! The following projects were funded.

### Warner Town Clerk's Office

Request : \$600.00 Funded: \$600.00

Description: Restoration of a book of Town Records.

### Pillsbury Free Library

Request: \$2000.00 Funded: \$2000.00

Description: Replace damaged railings and light fixtures on the Main Street side of the Library.

### Warner Men's Club

Request: \$2,500.00 Funded:\$2,500.00

Description: Toward the purchase of a Thermal Camera for Warner Fire Department.

### Town Of Warner – Selectmen's Office

Request: \$2,000.00 Funded: \$2,000.00

Description: Refinish Town Hall floors in main auditorium, stage and balcony.

### Town of Warner – Selectmen's Office

Request: \$950.00 Funded: \$950.00

Description: Purchase and install media presentation screen on the Town Hall stage.

### Kearsarge Wildcat Football (4<sup>th</sup>-8<sup>th</sup> Grades)

Request: \$500.00 Funded: \$500.00

Description: Purchase of practice blocking dummies.

### Warner Cooperative Preschool

Request: \$500.00 Funded: \$500.00

Description: Purchase of equipment and assorted games & toys.

**Kearsarge Children's Center**

Request: \$1,600.00 Funded: \$1,600.00

Description: Purchase of various teaching materials.

**Warner Head Start**

Request: \$553.00 Funded: \$553.00

Description: Purchase of various activity tables.

**Warner New Paper**

Request: \$1,000.00 Funded: \$1,000.00

Description: Purchase of a digital camera.

**Warner Youth Baseball**

Request: \$5000.00 Funded: \$5000.00

Description: Construction of dugouts at Riverside Park.

**Simonds Elementary School**

Request: \$10,000.00 - \$12,000.00 Funded: \$10,000.00

Description: Purchase and installation of two(2) blinking light School Zone signs.

**Warner Aerobics**

Request: \$500.00 Funded: \$500.00

Description: Equipment

Number of requests: 13

Total Amount Funded: \$27,203.00

Our thanks to the following **Individual Sponsors** who answered our mailed request for donations. It was through their generosity that many pre Festival expenses were met.

## *Auditors Statement*

We have audited the accompanying general-purpose financial statements of the *Warner Village Water District* (a proprietary fund type) as of and for the years ended December 31, 2001 and 2000, as listed in the table of contents. These general-purpose financial statements are the responsibility of the *Warner Village Water District*, management. Our responsibility is to express an opinion on these general-purpose financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general-purpose financial statements are free of material misstatements. An audit includes examining on a test basis, evidence supporting the amounts and disclosures in the general-purpose financial statements. And audit also includes assessing the accounting principals used and the significant estimates made by management, as well as evaluating the overall general-purpose financial statement presentation. We believe that our audit provides a reasonable basis for that opinion.

These general-purpose financial statements referred to above include property plant and equipment stated on a basis other than historical cost. As the *Warner Village Water District* has not tracked the historical costs of its property, plant and equipment additions through the years with the exception of the current year, values for prior years were obtained from insurance inventory forms utilized to compute the *Warner Village Water District's* property insurance coverage for the year.

In our opinion, except for the effects on the financial statements of the non-GAAP method utilized to value property, plant and equipment described in the preceding paragraph, the general purpose financial statements referred to above present fairly, in all material aspects, the financial position of the *Warner Village Water District* (a proprietary fund type) as of December 31, 2001 and 2000, and the results of its operations and cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

*Respectfully submitted,*

*David L. Connors & Co., P.C.*

**Both the December 31, 2001 and 2000, Warner Village Water District audited financial statements are available for inspection at the Warner Village District's Office in the Warner Town Hall.**

# Warner Village Water District Commissioners' Report

During the year 2001 the District continued its improvements to the sewer system, handled a water main break, and elected a new commissioner.

Tom and Jim quickly and effectively handled a water main break in mid-January on Old Main Road with the aid of Jim Hanna. The break occurred in a section containing 100 year old mains, fortunately at a point where the leaking water did not cause a problem for the repair crew. A sleeve was placed on the broken section and service was restored with minimal disruption to customers' service.

In March, Don Hall was elected Commissioner, replacing Chuck Goss. The District wishes to thank Chuck for his dedicated work and service during his term.

After a review of concerns that DES had with the operation of the Treatment Plant, it was recommended that the District hire a consultant to aid the plant supervisor in addressing these issues. Peter Boettcher of Boettcher Electric was hired to work with Jim in reviewing current procedures and to recommend changes to bring the plant into compliance for the renewal of our NPDES permit. Peter was also very helpful in obtaining monies from DES for repairs to the Chlor/Dechlor equipment, made necessary by engineering design defects which had been approved by DES. Thanks to Peter's and Jim's hard work, the District has secured the renewal of its NPDES permit under which the Treatment Plant operates.

A new bulk storage area was built for the storage of caustic soda, thus eliminating the need to use 55-gallon drums for storage. The new 1550-gallon storage tank can easily be loaded from a tanker, resulting in reduced cost of the chemical to the District. It also means the staff does not have to handle the drums, which was very labor-intensive and held great potential for personal injury.

We wish to express our appreciation to the staff: Jim, Tom, Peg, and Clerk Jim McLaughlin, for their hard work and dedication. Thank you. We also express our appreciation for the strong working relationship that the District has with the Highway Department and Town Officials.

Respectfully submitted,  
Philip W. Lord, Chairman  
Peter E. Newman, Commissioner  
Donald S. Hall, Commissioner

**THE TOWN OF WARNER**  
**MINUTES OF THE MARCH 2001**  
**TOWN MEETING**

***Election Day, March 13, 2001***

The polls were opened at 8:00 AM in the Town Hall by a motion from Martin “Marty” P. Noguees II, Chairman, Warner Board of Selectman. Outside, snow covered the ground. Sleet, rain and snow continued to fall throughout the day. Despite the unfavorable weather, 33% of the total registered voters cast their votes for Town Officers and 18 proposed Zoning Amendments. Jayne Greenlun was the first voter and Lon Thorpe the last at 7:02 PM.

The Warner Historical Society sold desserts throughout the day. The Conservation Commission displayed the “Earth Machine”, a composting bin, to encourage more household recycling. Moderator Ray Martin and Assistant Moderator Peter St. James assisted voters and the Supervisors of the Checklist, Barbara Proper, Margaret “Peg” McLaughlin, and Penny Sue Courser, signed up new voters and answered questions.

Ballot and relief Clerks were True Kelley, Hastings Rigollet, Jeanne Hallenborg, Deputy Town Clerk and Judith Rogers, Town Clerk, Peter Newman, Barbara Annis, Charles Durgin, Marianne Howlett, Joanne Hinnendael, Selectman Noguees and Selectman Robert O’Connor.

Warner’s newest eatery, Gamils Restaurant provided lunch while Madonna Nunn cooked a homemade dinner and dessert for the evening meal.

After the close of the polls, the number of voters was tallied, tables and chairs were set up for ballot counters, Moderator Martin swore in new counters and gave instructions on the system used to count the votes cast on each of the three ballots used that day: Town, School and Zoning. Counters included:

Peg McLaughlin	Martha Thoits	Debra Cantrell	Alice Chamberlin
Barbara Proper	Joanne Hinnendael	True Kelley	Marty Noguees
Penny Courser	Hastings Rigollet	Barbara Annis	James McLaughlin
Mary Whalen	Liz Dabrowski	Jean Grady	Peter Newman
Wayne Eigabroadt	George Saunders	Matt Rigollet	John Brayshaw
Fred Creed	Jeanne Hallenborg	Charles Thoits	Marianne Howlett
Charles Durgin	Cynthia Dabrowski	Martha Latuch	

Warner Police Officer H. John Brooks was present during the evening. Thank you to everyone who contributed to the day.

**ARTICLE 2. To amend Article III, Definitions, of the Warner Zoning Ordinance by adding the following definition:**

**"Fast-Food or Drive-in Restaurant" means an establishment whose principal business is the sale in disposable packaging of already prepared or rapidly prepared food directly to the customer in a ready-to-consume state for consumption either within the restaurant building or off premises. Neither a delicatessen with twelve or fewer seats nor a bakeshop with eight or fewer seats shall be construed to be a "fast-food restaurant".** YES - 394 NO - 139

**ARTICLE 3. To amend Article III, Definitions, of the Warner Zoning Ordinance by adding the following definition:**

**"Formula Business" means a business that is required by contractual or other arrangement to maintain any of the following: standardized services, décor, uniforms, architecture, signs or other similar features. This shall include but not be limited to retail sales and service, visitor accommodations, wholesale and industrial operations.**  
YES - 367 NO - 153

**ARTICLE 4. To amend Article III, Definitions, of the Warner Zoning Ordinance by adding the following definition**

**"Formula Restaurant" means a restaurant devoted to the preparation and offering of food and beverage for sale to the public for consumption**

either on or off the premises and which is required by contractual or other arrangement to offer any of the following: standardized menus, ingredients, food preparation, décor, uniforms, architecture, or similar standardized features. YES – 371 NO - 150

**ARTICLE 5.** To amend Article III, Definitions, of the Warner Zoning Ordinance by adding the following definition:

"Gross Floor Area" means the sum of the horizontal area of the floor or floors of a building as measured from the exterior faces of exterior walls or from the centerline of walls separating two buildings, but not to include attached or built in garages, porches or terraces, basements or unfinished floor area, including attics, having a clear head room of less than seven (7) feet. YES - 351 NO - 159

**ARTICLE 6.** To amend Article III, Definitions, of the Warner Zoning Ordinance by adding the following definition:

"Minimum Buildable Lot Area" means the minimum size lot allowed in a particular zoning district. For purposes of subdivision, the minimum buildable lot shall be one continuous piece of land and no land described as follows, shall be counted toward the required minimum buildable lot area:

- a. Land designated as Flood Plain or shown to be bog, marsh, swamp area, area of high water table (within four feet of the surface) or any similar situations;
- b. Areas necessary for the protection of aquifers and aquifer recharge areas, including those areas and watersheds of areas that have been designated as potential future sources of drinking water for the Town;
- c. Land with slopes in excess of twenty-five percent (25%) or with ledge that is exposed or lying within four (4) feet of the soil surface;
- d. Areas which are subject to an easement or a right of way in favor of the Town, County, State, or Federal Government, or any third party;
- e. Any land covered by any soils listed as Groups 5 and 6 by the NH Department of Environmental Services.

And to make the appropriate changes throughout the ordinance where reference is made to the new definition. YES – 344 NO - 168

**ARTICLE 7.** To amend Article X, Business District B-1, of the Warner Zoning Ordinance by adding:

E. Careful review of both site and architectural elements is intended in this and other commercial districts to enhance the overall quality of site development and to promote architectural design that is

compatible with the overall character of the Village and Town of Warner. YES - 391 NO - 139

**ARTICLE 8. To amend Article X, Business District B-1, of the Warner Zoning Ordinance by adding:**

E. The maximum gross floor area for shops, restaurants, and other retail establishments shall be 2000 square feet for new construction. Existing structures may be expanded by a maximum of 1000 square feet. YES - 318 NO - 194

**ARTICLE 9. To amend Article X, Business District B-1, of the Warner Zoning Ordinance by adding:**

E. The standard design package for any formula business or formula restaurant shall be subject to modification to comply with the architectural and site plan standards of the Town of Warner so as to achieve the community's land use and design objectives as set forth in the Master Plan and incorporated in the Site Plan Review Regulations. YES - 370 NO - 144

**ARTICLE 10. To amend Article XI, Commercial District C-1, of the Warner Zoning Ordinance by amending the 1<sup>st</sup> paragraph to:**

The "Commercial District" permits business and commercial establishments as well as certain dwelling and light industrial uses. The purpose of this district is to encourage growth of this type in the proximity of the interstate highway interchanges. It is important to the economic success of Warner that the appearance of the town be perceived as an attractive commercial environment that reflects and compliments its heritage. Restrictions on building height and lot coverage, coupled with careful review of both site and architectural elements during site plan review, is intended to promote a scale and quality of development compatible with the rural character of the community. YES - 419 NO - 144

**ARTICLE 11. To amend Article XI, Commercial District C-1, of the Warner Zoning Ordinance by adding:**

F. The maximum gross floor area for shops, restaurants, and other retail and service establishments shall be 20,000 square feet. Where more gross floor area is required, multiple buildings may be grouped on the same lot up to a maximum of 40,000 sq. ft. YES - 351 NO - 205

**ARTICLE 12. To amend Article XI, Commercial District C-1, of the Warner Zoning Ordinance by adding:**

E. The inclusion of accessory recreational facilities or similar amusement areas, including tot lots, video games and the like, as part of a restaurant, shall be strictly prohibited. YES - 360 NO - 204

**ARTICLE 13. To amend Article XI, Commercial District C-1, of the Warner Zoning Ordinance by adding:**

- E. No fast-food or drive-in restaurant shall be located on a site, lot or parcel within two thousand (2,000) feet of any other site, lot or parcel occupied by another fast-food or drive-in restaurant, with such distance measured along and/or across one (1) or more public highway rights-of-way. YES – 350 NO - 214**

**ARTICLE 14. To amend Article XI, Commercial District C-1, of the Warner Zoning Ordinance by adding:**

- E. The standard design package for any formula business or formula restaurant shall be subject to modification to comply with the architectural and site plan standards of the Town of Warner so as to achieve the community's land use and design objectives as set forth in the Master Plan and incorporated in the Site Plan Review Regulations. YES – 412 NO - 144**

**ARTICLE 15. To amend Article XII, Sign Regulations, of the Warner Zoning Ordinance by reorganizing the existing provisions thereof and adding a new provision:**

**All signs shall be constructed and maintained in full compliance with the building code and the electrical code. YES – 449 NO - 119**

**ARTICLE 16. To amend Article XII, Sign Regulations, of the Warner Zoning Ordinance by adding the word "external" to the Section E so that it reads:**

**In the Business District, signs shall be permitted totaling not more than thirty-two (32) square feet in surface and/or image area, per business. In the Commercial Districts, signs shall be permitted totaling not more than sixty-four (64) square feet in surface and/or image area, per establishment. Such signs may have continuous, non-flashing, *external* illumination provided that no such light illuminates the boundary of any residential property located in any other district after 11:00 P.M. YES – 423 NO - 140**

**ARTICLE 17. To amend Table 1, Use Regulations, of the Warner Zoning Ordinance by revising the Retail and Services Table as follows:**

**Drive-in eating establishments: allowed only in C-1 and only by Special Exception**

**6. Establishment selling new or new and used automobiles and trucks, new automobile tires and other accessories, aircraft, boats, motorcycles and household trailers: allowed only in C-1 and only by Special Exception.**

**14. Automotive repair, automobile service station or garage: allowed only in C-1 and only by Special Exception.**

21. **Communication and television tower: allowed only in R-2, R-3, C-1 and OR-1 and only by Special Exception.** YES – 384 NO - 174

**ARTICLE 18. To amend Section 1003.01, General Provisions, by eliminating the existing subsection f. "In no case may a tower exceed one hundred eighty (180) feet in height." and replacing it with a new subsection f:**

**No tower shall be permitted in any location unless there is an existing tree canopy within a radius of 100 feet of the proposed location. No tower shall be permitted that protrudes more than 20 feet above the average height of the tree canopy within a radius of 500 feet from the proposed location. Tree clearing within the 500-foot radius, beyond the absolute minimum required for construction shall be prohibited. Nothing in this section is intended to proposals to mount antenna arrays on existing structures.**

**YES - 397 NO - 175**

**ARTICLE 19. To amend Section 1003.02, District Permitted, by adding a new subsection:**

**c. Before approving an application for a special exception for a wireless telecommunications facility, the Zoning Board of Adjustment shall find that the following prerequisites have been met, in addition to the special exception standards of Article XVII, C. 1. of the zoning ordinance:**

- 1. The legitimate requirements of the applicant cannot reasonably be met by an alternative tower structure(s) or use of other available alternative technologies; and**
- 2. The applicant has presented written information which addresses to the Board's satisfaction how the proposal is consistent with the provisions of paragraphs b, c, d, e, and f of Section 1000.00 of this ordinance.**

**YES - 395 NO – 155**

***Town Meeting, March 14, 2001***

Moderator Raymond Martin opened the Town Meeting at 7:30 PM. The Pledge of Allegiance followed and Father Jacque Dolbec from Magdalen College gave the invocation.

Michael Cutting, Chairman of the Budget Committee, recognized Barbara Marty, for her four years of dedicated service as Recording Secretary for the Budget Committee. He wished her well in future endeavours. Amidst loud applause and a standing ovation, Ms. Marty was presented with an oak lined memento box adorned with the Town Seal, as a "Thank You" for her service.

On behalf of the Board of Selectman and the Town, Selectman John Brayshaw presented outgoing Selectman Marty Nogues with a plaque, displaying the Town Seal, and an inscription to him in appreciation of his service to the Town as a Warner Selectman, 1998 to 2001. Selectman Nogues accepted the plaque saying "Thank You" to the applauding crowd.

Selectman Nogues proceeded to present an overview of the Town finances for the past year.

The Moderator announced that the 2000 Town Report was dedicated to Carther-Lynn Bean, former Warner Selectman for 27 years. He highlighted events in the dedication and noted that Ms. Bean won the office of Selectman in 1973 by one vote! He thanked Ms. Bean for her endless dedication and service to the Town and wished her health and happiness in her retirement.

Richard Senor, Martin Building Committee member, said the committee would be reporting back at the 2002 Town Meeting with the decision of the Townspeople to sell or keep the building and if kept, for what purpose.

Selectman Robert O'Connor reported that the Board of Selectmen are creating a Recycling Committee to address the increased costs associated with the Transfer Station

Wage and Salary Compensation Committee member, Fred Arnold, said their goal is to review and update Town job descriptions, employee evaluation processes and establish fair salary and compensation standards.

Budget Committee Chairman, Mr. Cutting, presented a summation of the Town Budget for 2000 and the proposed 2001 Budget.

<b>2000 Operating Expenses - \$1,772,722</b>	<b>2000 Capital Expenditures - \$774,616</b>
<b>2001 Operating Expense Requests:</b>	<b>2001 Capital Expenditure Requests:</b>
\$2,159,000 - Department	\$354,000 - Department
\$2,112,320 - Selectmen	\$325,000 - Selectmen
\$1,921,538 - Budget Committee	\$311,700 - Budget Committee

Revenue	- \$ 659,720
Surplus returned	- \$ 175,000 (to reduce taxes)
Raise in Taxation	- \$1,468,718

Tax rates: 1999 - \$10.54    2000 - \$13.28    2001 Anticipated Tax Rate - \$12.82

Mr. Cutting explained that the tax rate is a result of the infrastructure the Town has built over the last few years.

**ARTICLE 20. To see if the Town will vote to raise and appropriate the sum of \$140,000.00 (One Hundred and Forty Thousand Dollars) for the purpose of purchasing a Fire Tanker Truck. (Recommended by the Selectmen, the Budget Committee and included in the Budget. Majority vote required)**

Beginning at a point approximately 2,031 feet easterly of the junction of Horne Road and the present location of Newmarket Road at a point where the said former location meets the present location of Newmarket Road; thence proceeding generally westerly along said former location to the point at which the said former location rejoins the present location of Newmarket Road near Horne Road. (Article submitted by Petition. Recommended by the Selectmen. Majority vote required.)**

Article Moved and Seconded. Discussion followed. Question Moved and Seconded. Vote called. Ayes in favor. **Article 33 Passed.**

**ARTICLE 34. To hear reports of the Officers of the Town heretofore chosen and Committees appointed and pass any vote relating thereto.**

Article Moved and Seconded. Question Moved and Seconded. Vote called. Ayes in favor. **Article 34 Passed.**

**ARTICLE 35. To see if the Town will vote under RSA 31:39 to permit the Board of Selectmen to adopt bylaws on behalf of the Town of Warner until the next Annual Meeting.**

Article Moved and Seconded. Question Moved and Seconded. Vote called. Ayes in favor. **Article 35 Passed.**

**ARTICLE 36. To transact any other business that may come before said meeting.**

Article Moved and Seconded.

Martha Bodnarick made a Motion:

**To direct the Board of Selectmen to carry on future salary negotiations with the Town Clerk and Tax Collector as though they were not elected officials and to put them on the regular pay scale.**

Seconded. Discussion followed.

Christine Perkins made an Amendment to the Motion:

**To include all elected officials.**

Amendment accepted by Mrs. Bodnarick. Moderator restated the motion.

**To direct the Board of Selectmen to carry on future salary/compensation package negotiations with all elected officials as though they were not elected officials and put them on the regular pay scale.**

Discussion followed.

Marlon Baese made a Motion:

**To recommend to the Selectmen to eliminate articles similar to Article 23 of the 2001 Town Meeting, the listing of salaries.**

Seconded. Mr. Baese said it would be a non-binding motion.

Mrs. Bodnarick said she would accept that motion as a friendly amendment.

Discussion followed. Question Moved and Seconded. Vote called. Ayes in favor. **Motion passed.**

**Motion to Adjourn.** Seconded. Vote called. **Ayes on favor.**

Meeting adjourned at 11:32 PM.

*Respectfully submitted,*

Judith A. Rogers  
*Warner Town Clerk*

## *Simonds Free High School*

*by Charles E. Brown*

### **Above**

One of the many watercolors painted by local artist Charles Brown (“Charlie Brown”). The painting shows Simonds Free High School before additions. The last class to graduate from Simonds was in 1970. The building is used today as Warner’s elementary school.
