Approval of Meeting Minutes

The minutes of the Commissioners' regular meetings held on January 22, 2025 and February 12 approved as submitted.

Administrator's Report

Ray Martin distributed a revised December 2024 financial report which reflected adjustments to move expenses for the last pay-period in 2024 into that year, and moving truck repair expenses into 2024 as well.

Cheryl Johnson met with the Commissioners about a disputed meter reading at her property. Ray agreed to look into the District's records and make any corrections that are necessary.

The Commissioners discussed the current status of the warrant article that authorizes the District to raise and appropriate twenty million dollars to upgrade the treatment plant in response to EPA's new minimum copper level in treated effluent discharged by the plant into the Warner River. Ray will seek legal assistance to guide the Commissioners in this matter.

The meeting adjourned at 4:40 P.M.

The next meeting will be on March 13, 2025 at 3:30 P.M.
