Building Permit and Code Compliance Certificate Instructions

*Please review the frequently asked questions before you submit your application.
The frequently asked questions are at the rear of the application.*

Applying for a Building or Demolition Permit: A Building Permit/Code Compliance Certificate is required before you begin construction, an alteration, or major repairs. It should be noted, however, that there are instances when a Building Permit may not be required (**see frequently asked questions**). Additionally, noncompliance may necessitate a land use relief request, based on discoveries made during the Permit review process.

Completed Application: To best use your time and staff time, please complete the application and all required information. Refer to the checklist in this application. *The application will not be sent for approval unless it is complete.*

Application Review: Staff will review the application for completeness and compliance. The Select Board will act to approve; approve with conditions; deny; or request additional information, per Warner's Building Code and State of NH RSAs. Please note that the Town of Warner will issue fees and fines in accordance with RSA 767:17. **Once a completed application is received, it can take up to 21 days for a decision to be made.**

Signature Required: The property owner is responsible for the application's correctness and must sign the application. If an owner wishes for a contractor or agent to manage the process, the property owner must sign an authorization letter stating that purpose. A copy of the deed must be included if the property was purchased in the last 30 days.

Application Filing Requirements:

A plot plan drawn to scale is necessary for a building permit application. Since a similar plan is necessary for a Zoning Board of Adjustment application and for Planning Board approval, the plan can serve multiple purposes. Cautious judgment should be used in deciding how to execute this requirement because while it may not be necessary in simple situations, some requests require high levels of detail. Lack of an accurate plot plan often results in needless delay and expensive misunderstandings. A Plot Plan must have the following features:

REQUIRED

- ✓ Must be drawn to scale with a North arrow
- ✓ Show the lot's perimeter dimensions, setback lines, buildable area calculation, and zone district change lines if applicable.
- ✓ Location and dimensions of required service areas, buffer zones, safety zones, utility poles, rights-of-way, streams, wetlands, drainage, easements, and flood plain delineation.
- ✓ All existing buildings or other structures with their dimensions, setback lines, and encroachments.
- ✓ All proposed buildings, structures, and additions that encroach, their dimensions, setback distances, and proposed encroachments should be indicated as "proposed encroachment".
- ✓ Driveways and driveway culverts and parking areas with dimensions.
- ✓ Building plans drawn to scale. Floor plans showing all interior changes, dimensions, and square footage of each floor and building elevations showing roof height, roof slope, and roof configuration.
- ✓ A survey prepared by a licensed surveyor is required if the proposed construction is within 250-ft of a water body, near a wetland, or 100-year flood plain line.
- ✓ Payment of all applicable fees, according to the current schedule of fees. A fee schedule is included and can be found on the last page of the application and on the Town website. WarnerNH.gov
- Copy of all other approvals, as required and described within.

Once you have completed your building permit application and are ready to submit it, please deliver it to the Warner Town Offices, 5 East Main Street, Warner, NH 03278. If you have further questions, the Selectmen's Office can be reached at (603)-456-2298 ext. 3 Assessing@WarnerNH.gov.

The Town understands that your project is important and wants to make the process as simple and easy as possible.

TERMS AND CONDITIONS

The New Carports LLC team, committed to the quality of service provided to our suppliers and customers, we inform you of the procedure for the installation of Buildings.

1. **Reception of the order:** review the order and clarify doubts with the seller (measurements, certification, caliber, prices, etc.).
2. **Courtesy call to the customer:** check that the order information is correct (name, city, size of the building, colors, accessories, etc.). and in case of having any modification, do it at the moment.

Once the order is confirmed, the customer begins the information gathering process, which is detailed below:

1. **Sketch and our terms and conditions:** approved and signed electronically.
2. **Foundation:** Send 2 visible photographs of the surface on which the building will be built.
3. **Construction permit:** it depends on the state where you want to carry out the construction; If the procedure is necessary, the customer is in charge of processing it and sending us a photograph.
4. **Forklifts*:** The use is it based on the building height (≥ 12 FT), width (≥ 30 FT), and certification from 70 PSF to 90 PSF, plus spand of 31' up, and the length of the building. The customer's responsibility is to rent the lift and confirm it for the building installation date.

In case the construction is more than 32' width, it is important to consider the following:

5. **Down Payment of 50%** of the total amount of the building is required. The percentage paid to the dealer is deducted from this advance and only the difference is paid to NTC.
6. **Lead Times** Once all these requirements (1-5) have been met, the building standard, commercial or Spand will be manufactured and installed in accordance with the established time frame. The estimated time to assemble the building will depend on the distance between our warehouse and the client's site.
 - 1 to 100 miles the delivery time will be 3 - 4 weeks.
 - From 101 to 200 miles the delivery time will be 4 - 8 weeks.
 - Over 201 miles the delivery time will be 10 - 14 weeks.

This time may vary since it depends on two important factors such as: the climate and the suppliers of material.

That said, an approximate installation date will be provided to the customer and is subject to change without notice.

Changes made by the customer may affect the installation date, such as: measurements, caliber, color of the sheet, accessories (roll-up door, windows, doors) and any addition that is not specified in the sketch that was previously confirmed.

It is worth mentioning that we will not proceed to its manufacture if we do not have all the required information such as:

- 1 NTC reserves the right to make any changes and correct any errors made by the dealer or office personnel relating to taxes or tax rate.
- 2 NTC reserves the right to update or amend these terms and conditions at any time.
- 3 Customer has been informed about the various products, warranties and stipulation such as:
 - 3.1 Non-certified units are built with standards and specifications according to New Team Carports and may be not eligible for building permits in certain areas.
 - 3.2 Fourteen-gauge (14GA) units are constructed with 2 1/2" galvanized steel square tubing, which is the lightest gauge having this a thirty-day workmanship warranty.
 - 3.3 Twelve-gauge (12GA) units are constructed with 2 1/2" galvanized steel square tubing, which is the heaviest gauge, having this a thirty-day workmanship warranty, plus a twenty-year additional warranty on rust thru framing, assuming adequate maintenance and care.
 - 3.4 Certified units are installed in areas requiring building permits and built on an engineer drawing and covered by a limited warranty on wind and snow rating.

All units are secured with anchors, and according to the foundation type, which pass through the base rail of the unit to the foundation where it is being installed. Non-certified units are anchored to the ground with rebar anchors of 32" long, and 6" long anchors for concrete, mobile home anchors for ground and gravel are also available for non-certified units at an additional cost. Certified units come with mobile home anchors for ground and asphalt. Certified units with engineer drawings require to be installed on ground or asphalt only.

 - 3.5 If the customer wants to use longer anchors, they will have an additional cost.
 - 3.6 The cost of the purchased unit does not include colored screws, it will be installed with silver screws, if the customer wants to have colored screws, they will be charged 5% of the value of the unit before taxes and the order will be sent with this charge to sign the approval.
- 4 Customer is aware that the foundation where the unit is to be installed must be leveled and squared. If it is not leveled and it has more than five inches (5") off level an extra fee will be charged by the installer and/or chance of not to install the unit.
 - 4.1 It is the responsibility of the customer to deliver the installation place free from obstructions and clean, as well as 5 feet around, so that we do not have any problem to start working on it. The customer must send us a picture of the place before the installation takes place to: sales@newteamcarport.com in case the foundation is not ready to work on it, NTC does not take any responsibility for the drawbacks it might cause.
 - 4.2 NTC may require the use of special machinery due to the metal building features, being these, boom lift, telescopic forklift or forklift, which must be provided and paid by the customer. NTC might offer this service at the customer request having this an additional cost.
 - 4.3 It is important that the customer informs NTC about any specification or restriction that the installers must take into consideration before they install the building. In case the customer does not notify NTC regarding these issues, NTC does not take any responsibility for the damaged caused neither physical, nor moral or material.
 - 4.4 Customer is responsible to mark any underground gas line, cables or pipe lines before the installation takes place, otherwise NTC does not assume any responsibility for the damaged caused.
 - 4.5 Customer is responsible of supplying electricity for the tools required to install the unit, at least 100' away from the work site.
- 5 Customer is aware that extra labor such as, digging, cutting legs of units or frame to level the surface or if the unit has to be installed on any foundation higher than two feet (2') or on any wall, dock, deck; carry any material any further than a reasonable distance or if the unit has to be built over any structure an extra labor fee of no less than \$150 dollars will be charged.
- 6 Customer is responsible for getting the necessary permits, *generics, *blue prints, or *engineer drawings that may be required in his/her city or state prior installation and send us a picture of them to: sales@newteamcarport.com so that NTC can proceed with the installation process, contrarily the customer's order will be put on hold until NTC receives such documents. At the customer request NTC (manufacturer) or the dealer may provide these documents which have an additional cost, except by the permits.
- 7 Tax-exempted customers must mention their condition during the purchase process, and send the tax-exemption certificate image to: sales@newteamcarport.com before closing the deal. (Only applicable to direct customers)
- 8 Customer shall pay from 10 to 20% down payment to the dealer at the time of the purchase, which is nonrefundable. NTC is not responsible for this down payment. If the customer pays an excessive down payment, the dealer can only take 17% of this amount and sent the rest to NTC.
- 9 The Customer must pay the remaining balance owed, once the installation is completed, as well as any additional charges or surcharges where applicable and must be done immediately when the installers complete the installation. If the customer does not pay at the end of her installation, NTC could take legal action. Acceptable forms of payment are: credit, debit, cash and checks that must be issued by order of: New Team Carports LLC.
 - 9.1 Customers must notify NTC about the state of the checks sent by post.
 - 9.2 NTC requires a 50% down payment for units over 30' wide, including in this percentage the dealer's payment, which is 10% to 17%.
 - 9.3 Units whose value do not exceed \$15,000.00 dollars will be put in route whenever there is another installation close to the customer's location.
- 10 Whenever the customer cancel an order, no down payments are refunded, neither NTC nor the dealer are obliged to do so.
 - 10.1 Customer shall notify NTC (manufacturer) and the dealer about canceled orders.
- 11 Whenever the customer requires any modification to an installed unit, an amount no less than \$150 dollars will be charged or additional amount for if the changes exceed this, plus \$200 dollars for installers returning and transportation expenses. If the changes to the unit
- 12 NTC is not responsible for any change on delivery dates due to situations or drawbacks that are out of our control such as, weather conditions, truck broke down, or road accidents.
- 13 NTC is not responsible for any damage to the unit due to extreme weather conditions.
- 14 Units reparations are subject to routes availability near the customer's location.
- 15 The customer is responsible for reading, understanding and agreeing with the terms, conditions stipulated and enumerated above.
- 16 Due to the constant price increase in steel, New Team Carports LLC will only be able to respect the prices of the orders sent by the Dealers for a maximum period of 90 days from the date of receipt, once the term is fulfilled and the customer continues ON HOLD FOR INSTALLATION for some process, the order will be returned to the dealer for resolution, NTC will only be able to keep the order if the prices are updated to the most recent price list or it must be valued and approved by the Managing Director.

The residents at 49 Farrell Loop dropped off a building permit application in late fall of 2024. On November 20 both residents came in to talk about what the holdup was. At this point, they were told again that we needed a map showing the setbacks and placement of the structure. The resident emailed pictures of the paved area where they are planning on putting the structure. Selectboard members Smith and Seidel both denied the permit – stating it will encroach on setbacks and the application is not complete (insufficient map). Both the aforementioned Selectboard members spoke with the resident explaining what is needed. This is a nonconforming lot – which never had a building on it prior to their home.

I thought they'll need to deal with the ZBA primarily because 'you can't make a nonconforming lot more nonconforming'. However, the Selectboard members and I feel it would be helpful for them to get some suggestions and guidance to move forward.

Note their house building permit and the ZBA case that was withdrawn because they were told they could build on the lot. This is partly why they are confused, since they could build their entire house, porch, and shed without issue. Please let me know if you have any questions or need any other documentation.

MARY MEAD, TRUSTEE OF THE LENNON FAMILY REVOCABLE TRUST, with a mailing address of 461 Pumpkin Hill Road, Warner, Merrimack County, New Hampshire 03278 (hereinafter referred to as the "Grantor"), for consideration paid, grants to **MARY MEAD, TRUSTEE OF THE MARY MEAD REVOCABLE TRUST OF 2011**, with a mailing address of 461 Pumpkin Hill Road, Warner, Merrimack County, New Hampshire, 03278 (hereinafter referred to as the "Grantee"), with **QUITCLAIM COVENANTS**:

A certain tract of land with the buildings thereon situated in the Town of Warner, County of Merrimack and State of New Hampshire, bounded and described as follows:

Beginning at the Southeasterly corner of the said premises at what is known as Rangeway No. 1 in Warner and also being known as the old Lull Road, leading from Sargent Corner, so-called, to the highway leading from Warner Village over Pumpkin Hill to Salisbury; thence Westerly by land formerly of Fred A. Chase, now or formerly of Robert Graham Chase, to a cross wall on the westerly end of the pasture westerly of the house; thence Northerly along said wall about thirty (30) rods to an angle in said wall; thence Westerly about ten (10) rods or twelve (12) rods; thence Northwesterly along a cross wall to land formerly of the late Arthur M. Tucker, now or formerly of Marie E. Merrill; thence Easterly by land formerly of said Tucker, now or formerly of Merrill, to the aforesaid highway leading from Warner Village over Pumpkin Hill to Salisbury; thence continuing in an Easterly direction across said highway and by land formerly of the said Arthur M. Tucker, now or formerly land of James W. Tucker, to said Rangeway No. 1 or old Lull Road; thence Southerly by the westerly side of said Rangeway No. 1 or Old Lull Road to the first mentioned bound.

Reserving from the foregoing described premises, right of way of the aforesaid highway leading from Warner Village over Pumpkin Hill to Salisbury and whatever rights, if any, that may exist as to the privilege of a spring on said premises which was willed by Daniel Morrill to Humphrey Sargent.

EXCEPTING AND RESERVING from this conveyance that portion of the above-described premises situated on the easterly side of Pumpkin Hill Road, Warner, NH, and identified as Map 19 Lot 35 on the Town of Warner Tax Map.

MEANING and INTENDING to describe and convey that portion of the premises described in a certain deed to the Grantor herein by deed of J. Mark Lennon and Mary Mead dated October 29, 1998 and recorded with the Merrimack County Registry of Deeds at Book 2127, Page 750 which is situated on the westerly side of Pumpkin Hill Road, Warner, NH and identified as Map 19, Lot 34 on the Town of Warner Tax Map.

ALSO CONVEYING HERewith the right to install, maintain, replace, and repair a septic system in an area not to exceed 150 feet by 150 feet, located on Tax Map 19 Lot 35, situated on the easterly side of Pumpkin Hill Road, Warner, New Hampshire, substantially in the form and location as shown on the unrecorded plan of "Proposed Sanitary System for Lennon and Mead at Warner, N.H., dated 5/19/91 by Mark R. Moser". The Grantee shall hold harmless, defend, and indemnify the Grantor, and their heirs, successors, and assigns, from any action for damages, contamination, environmental enforcement proceedings, and the like, arising out of the use by the Grantee of the septic system and this easement, including but not limited to, any Federal, State, or municipal enforcement action which may require remediation, upgrading, removal of the septic, and/or civil or criminal penalties. The Grantor shall have the right to relocate the septic system, at its expense, upon thirty (30) days' written notice to the Grantee. The said septic system and easement to access same is a portion of the premises described in a certain deed to the Grantor herein by deed of J. Mark Lennon and Mary Mead dated October 29, 1998 and recorded with the Merrimack County Registry of Deeds at Book 2127, Page 750 which is situated on the easterly side of Pumpkin Hill Road, Warner, NH. This right shall be exclusive to the owner of Tax Map 19, Lot 34 and shall inure for the benefit of all heirs, successors and assigns and shall run with the land.

Subject to all encumbrances of record.

And I, J. Mark Lennon, hereby release my right of homestead and all other rights herein.

And I, Mary Mead, Trustee of the Mary Mead Revocable Trust of 2011, hereby join in this conveyance for the sole purpose of releasing any interest in Map 19 Lot 35, other than the right to maintain a septic system on Map 19 Lot 35 that was conveyed in the deed recorded at Book 3327, Page 1586.

The purpose of this deed is to correct errors in the deed recorded at Book 3327, Page 1586 which deed erroneously refers to the *reserved tract* to be Map 19, Lot 34 when the *conveyed tract* should be Map 19, Lot 34. Further, the deed at Book 3327, Page 1586 erroneously refers to the septic right to be located on Map 19 Lot 34 when it should have said located on Map 19 Lot 35. This conveyance is pursuant to a decree of divorce in the matter of J. Mark Lennon an Mary Mead, Docket # 644-2011-DM-00166, Sixth Circuit Court, Family Division, Henniker, New Hampshire, and exempt from transfer tax pursuant to RSA 78-B:2,III.

Subdivisions, Boundary or Lot Line Adjustments and Annexations Checklist

Amended January 24, 2011

Subdivisions, Boundary or Lot Line Adjustments and Annexations Checklist

Town of Warner, NH

The following checklist shall be completed by the applicant, signed, and submitted along with the application package. For full descriptions of the checklist items, see the referenced sections of the Warner Subdivision Regulations.

The checklist refers only to the required submittals necessary to begin Planning Board review of a project. The Warner Subdivision Regulations should be consulted for design standards and other requirements. Applicants should familiarize themselves with the Warner Subdivision Regulations as well as any other pertinent Ordinances and Regulations prior to filing an application. Applicants may schedule a preliminary conceptual consultation with the Board to discuss any proposal on an informal basis.

Re: Review by NH Natural Heritage Bureau of request dated 3/7/2025

Permit Type: Warner

NHB ID: NHB25-0716

Applicant: Pierre Bedard

Location: warner
Tax Map: 12, Tax Lot: 05
Address: 115 Bible Hill Rd.

Proj. Description: Subdivision of existing dwelling into 3.68 Acre lot and construction of new dwelling on remainder (44.5 Acres).

The NH Natural Heritage database has been checked for records of rare species and exemplary natural communities near the area mapped below. The species considered include those listed as Threatened or Endangered by either the state of New Hampshire or the federal government. We currently have no recorded occurrences for sensitive species near this project area.

A negative result (no record in our database) does not mean that a sensitive species is not present. Our data can only tell you of known occurrences, based on information gathered by qualified biologists and reported to our office. However, many areas have never been surveyed, or have only been surveyed for certain species. An on-site survey would provide better information on what species and communities are indeed present.

Based on the information submitted, no further consultation with the NH Fish and Game Department pursuant to Fis 1004 is required.

WARRANTY DEED

KNOW ALL PERSONS BY THESE PRESENTS THAT I, **Pier D. D'Aprile**, an unmarried person, of 115 Bible Hill Road, Warner, NH 03278, for consideration paid, grant to **Pier D. D'Aprile, Trustee, Pier D. D'Aprile 2021 Revocable Trust**, u/a/d dated October 25, 2021, having a mailing address of 115 Bible Hill Road, Warner, NH 03278, with WARRANTY COVENANTS, the following:

A certain track or parcel of land, with the buildings thereon, in the Town of Warner, County of Merrimack and State of New Hampshire, bounded and described as follows:

Situated on the easterly side of the highway leading from Melvin Mills to John H. Ewins, beginning at a stone bound on the highway at the southwest corner;

Thence easterly by land now or formerly of Ewins, to the southeast corner and land now or formerly of Levi Collins;

Thence northerly by said Collins land and land formerly owned by Cummings Marshall to the end of a stone wall at the northeast corner;

Thence westerly by said stone wall to corner of wall and land now or formerly of Henry L. Brown;

Thence southerly by stone wall and said Brown land to corner of wall and land of said Brown;

Thence westerly by said Brown land to the highway before mentioned;

Thence southerly by the highway to the bound first mentioned.

Said premises are also shown on a plan entitled "Stone Land (1369-969)" for Harold E. Stone, Jr., prepared by David R. Noyes, Surveyor and recorded at Merrimack County Registry of Deeds Plan #8477.

Containing about forty-seven (47) acres, more or less.

The premises are conveyed subject to Current Use Assessment recorded at said Registry at Book 1348, Page 368, and Grantee assumes responsibility for any current use penalty resulting from a subsequent change of use of the property.

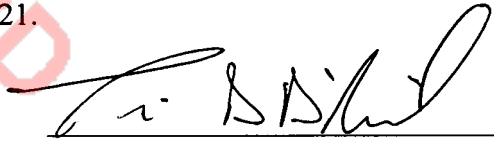

Meaning and intending to describe and convey the same premises conveyed to Pier D. D'Aprile by Warranty Deed of Pier D. D'Aprile and Stephanie E. D'Aprile dated September 21, 2021, and recorded in the Merrimack County Registry of Deeds at Book 3760, Page 1887. Reference is also made to the Deed dated July 1, 2020, and recorded in the Merrimack County Deeds, in Book 3684, Page 773.

The foregoing conveyance is a transfer into a revocable trust for estate planning purposes, the beneficial interests of which after the transfer are the same as those prior to the transfer, and therefore it is exempt from transfer tax under RSA 78-B:2, XXI, XXII.

THIS DEED WAS PREPARED FROM INFORMATION SUPPLIED BY THE WITHIN GRANTORS, AND NO INDEPENDENT TITLE EXAMINATION HAS BEEN PERFORMED.

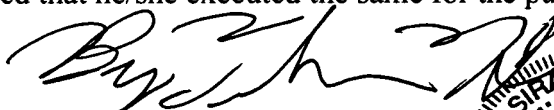

All rights of Homestead pertaining to the premises are reserved to the Grantor personally.

EXECUTED this 25th day of October 2021.

Pier D. D'Aprile

STATE OF NEW HAMPSHIRE)
COUNTY OF MERRIMACK)

On this 25th day of October 2021, before me personally appeared the above-named **Pier D. D'Aprile**, known to me (or satisfactorily proven) to be the person whose name is affixed to the foregoing instrument and acknowledged that he/she executed the same for the purposes therein contained.
