Town of Warner Citizen Petition

Property Taxes for Private Education "A Call for Responsible Use"

Initial: QP

PG 1 of 8

Whereas, taxpayers have a right to know how their money is spent and deserve clear, verifiable evidence that it is being spent wisely and delivering results; and Whereas, taxpayer dollars are being diverted from public schools to private and religious education through Education Freedom Accounts (vouchers), and this shift does not reduce public school expenses, leaving local taxpayers to cover the difference through higher property taxes; and Whereas, unlike public schools, private education funded by taxpayers through vouchers lacks key accountability measures, such as reporting how funds are used, tracking student performance, ensuring services for students with disabilities, and conducting background checks for staff; Therefore, we, the voters of Warner, New Hampshire, call on our state elected officials to uphold their duty to fiscal responsibility by rejecting taxpayer funding for private education until we have full accountability, transparency, and a sustainable funding plan that ensures no further strain on public schools or local property taxpayers. We further direct the Warner Select Board to deliver this warrant article and results in writing to New Hampshire's Governor and members of the State Legislature within thirty days of this vote.
